

## AZURE LANDING ZONE

A secure and scalable Landing Zone to fast track your Azure migration

### OUR TWO-WEEK APPROACH

#### Week 1

Workshops to present FX reference architecture for Azure Landing Zone including:

- Azure Subscriptions
- Management Groups
- Tagging & Networking
- Identity and Access Management
- Security & Compliance

#### Week 2

- Landing Zone Implementation

### WHY YOU NEED THE AZURE LANDING ZONE

- Do you want a solid base for your migration to ensure its success and avoid stressful problems down the road?
- Are you having trouble finding a landing zone that's secure and reliable enough to efficiently support and scale all your business needs?
- Are security concerns preventing you from moving forward with your cloud migration?
- Are you struggling to get your cloud migration project off the ground?

### WHAT MAKES US DIFFERENT?

18 years guiding our clients worldwide no matter where they are in their IT journey, with a team of 70+ Cloud experts recognized by our Azure Expert MSP.

Our end-to-end expertise from Assessment and Strategy, to Managed Services and Support with peace of mind. We also have a complete IT offering including ServiceNow solutions.

### WHAT DO I GET?

#### A Rock Solid Foundation

FX has the unparalleled experience to quickly and securely build a Landing Zone in accordance with compliance and governance.

#### Fast Track Your Cloud Migration

Focus more efficiently on your core business needs by freeing up the time required to oversee the basics.

#### Foolproof Expertise

With thousands of successful migrations under our belt, we know the do's and don'ts so that you don't have to pay the price.

#### A Team of Certified & Dedicated Experts

Reap the benefits of working with Canada's leading and certified Azure Expert MSP team.
