

Azure Landing Zone

Why?

CAF - VIDEO

What is a Landing Zone?

Your secured Cloud-based datacenter. Period.

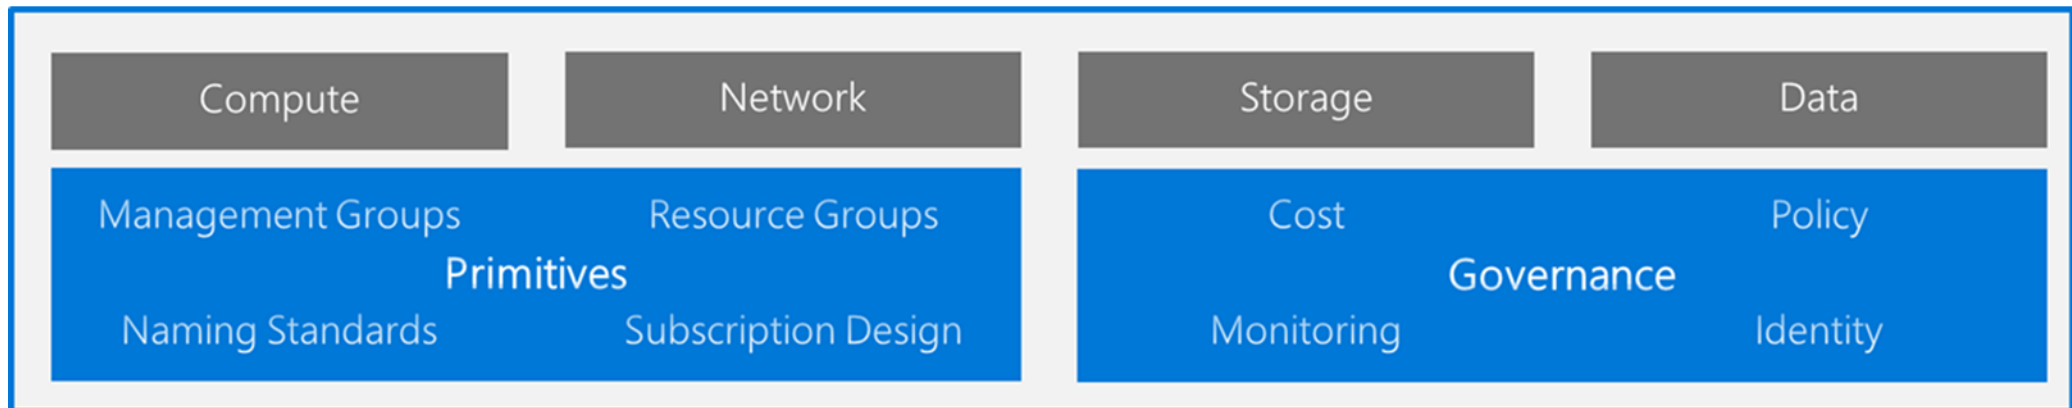

What is a Landing Zone?

A landing zone is the basic building block of any cloud adoption environment.

The term *landing zone* refers to an environment that's been provisioned and prepared to host workloads in a cloud environment like Azure.

A fully functioning landing zone is the final deliverable of any iteration of the Cloud Adoption Framework's Ready methodology.

Building a Landing Zone can be Challenging

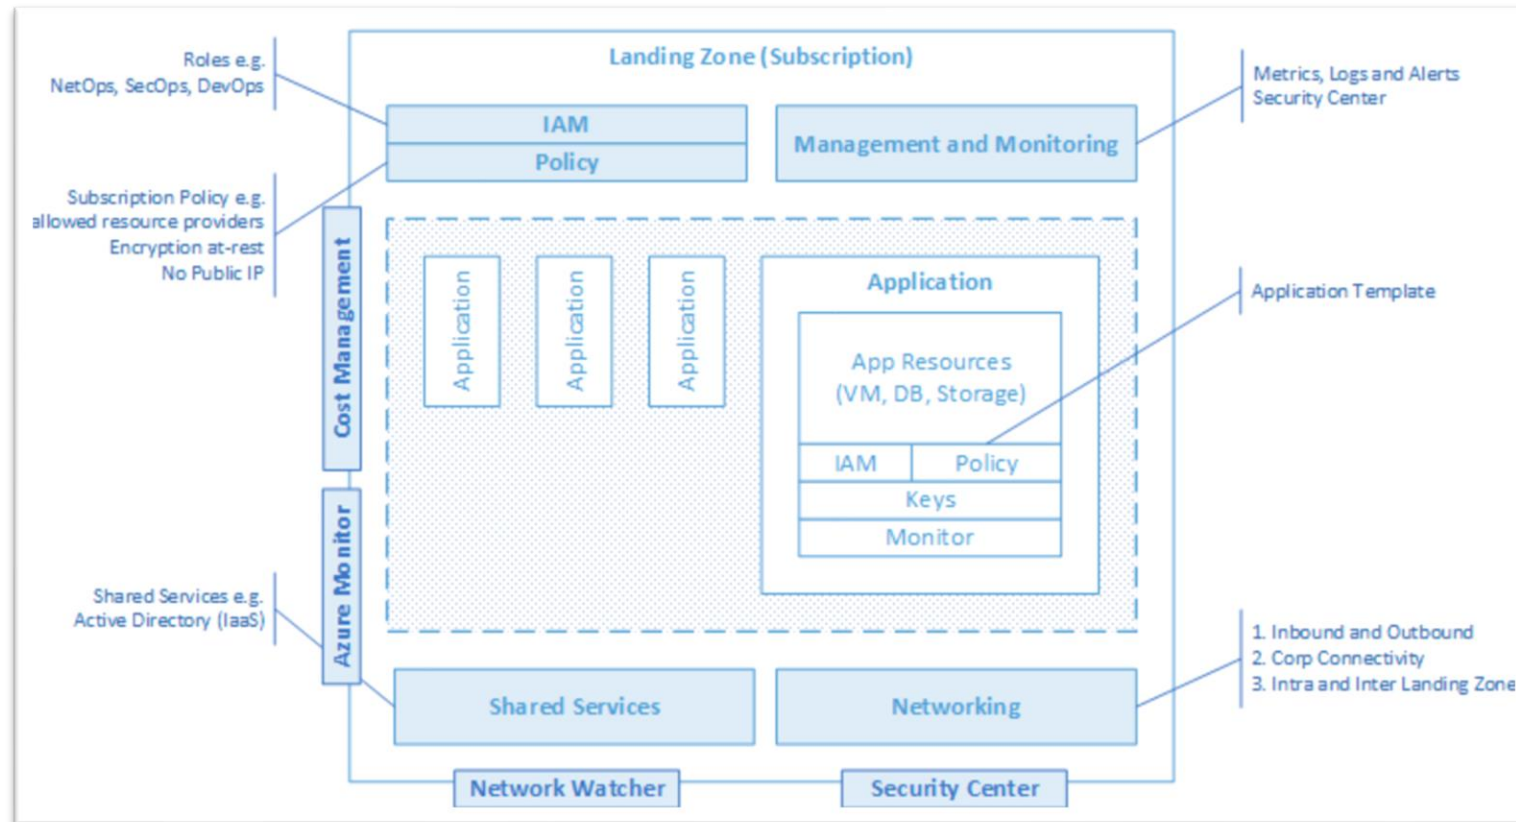

Time Consuming

Resource Heavy

Experience Reliant

Azure Standard Landing Zone

Our Approach – Reference Architecture

- **Presentation and information gathering workshops:**
 - Presentation of the different concepts et validation of the implementation within the Customer's context:
 - Azure Landing Zone Subscriptions, Management Groups, Tagging
 - Networking, Inter-connectivity
 - Security & Compliance including Identity and Access Management
 - Operational Excellence (only presentation of concepts, tooling, best practices)
- **Deliverables:**
 - Customer's Azure Landing Zone architecture deployment diagram (covering Landing Zone and connectivity)
 - Reference Architecture reviewed and approved by FX Architecture Committee
 - Implementation details document
- **Standard Landing Zone deployment in Azure:**
 - Deployed by FX's experts and specialists

Financials

- **The FX Azure Standard Landing Zone is a fixed price of \$25K CAD**

Timeline

- **The Azure Standard Landing Zone is estimated to 2-4 weeks based on customer's availabilities for the workshops and the deployment of the FX Landing Zone.**
- **Our approach is based on a prescriptive and accelerated implementation backed by workshops that are led by the FX's team for information gathering and knowledge transfer.**

A hand-drawn diagram on a whiteboard. The diagram features a central vertical column of four pink circles. To the left of this column, there are two larger circles, one above and one below, connected to the central column by thin lines. The top circle is labeled '1) (bio)'. The bottom circle is labeled '2) (s)'. To the right of the central column, there is a large, dark blue circle with the word 'L' written inside it in a light blue color. The background of the whiteboard is filled with faint, handwritten text in blue and orange. A blue rectangular overlay covers the bottom-left portion of the image, containing the text 'Next Steps' in white.

Next Steps

Next Steps

01

Contact FX and schedule a detailed presentation for the FX Azure Standard Landing Zone

02

FX Standard Azure Landing Zone SOW to be signed

03

Schedule project kickoff
