

Microsoft 365 deployment: 1-Day Assessment

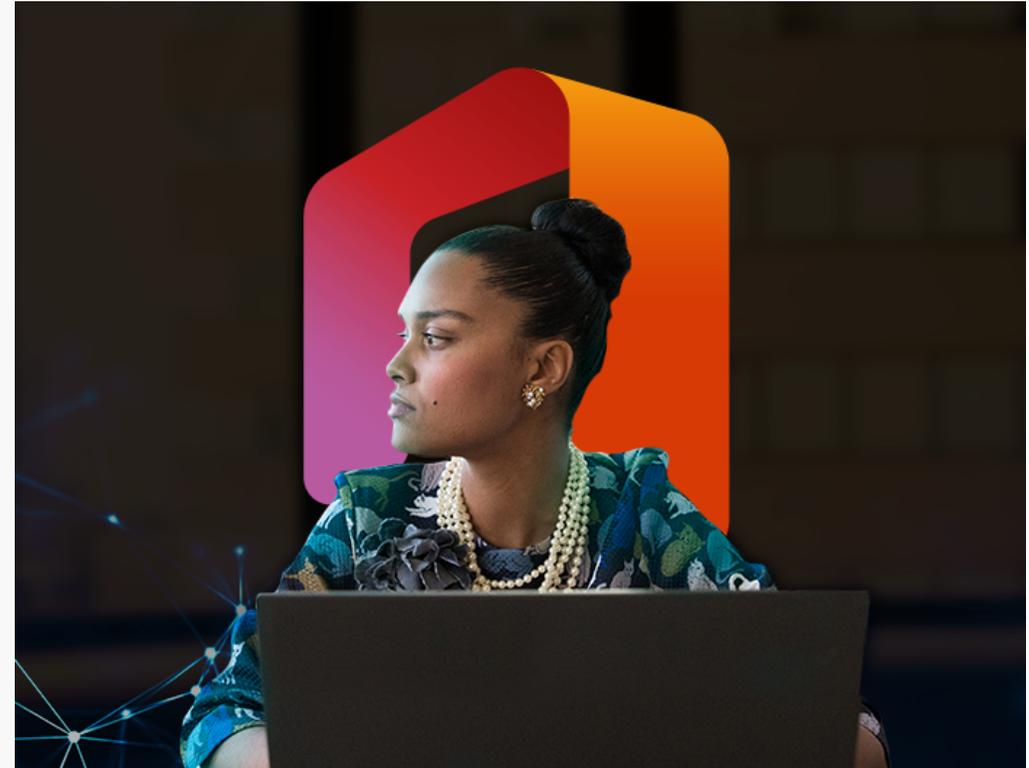

Primary Product: Microsoft 365; **Pricing:** \$500.00

What is it?

Cloudica's one-day Microsoft 365 deployment assessment allows us to understand our clients' specific needs for their business and advise on which Microsoft 365 options are best suited for their business.

Who is this for?

This service is meant for decision makers and IT leaders within medium-sized companies and larger enterprises who are looking for a solid solution to integrate all the current tools they use into a single integrated package.

Microsoft 365 deployment: 1-Day Assessment

Primary Product: Microsoft 365; **Pricing:** \$500.00

What do we offer?

Cloudica's one-day Microsoft 365 deployment assessment offers a comprehensive insight into the vast and flexible solutions offered by Microsoft. The various options might seem a little confusing at first (there is so much to choose from!). During the assessment we understand the specific needs of the clients' business and advise on which tools within the Microsoft 365 suite are best suited for their staff and how they can grow their business.

What are the benefits?

At the end of the assessment, clients come out with a full understanding of the pros and cons of each Microsoft 365 product and which combination is best suited for their current and future needs.

Steps and agenda:

- Review of the client's current solutions (configuration and subscription).
- Present a report on the strengths, weaknesses, opportunities and threats.
- Explain each of the Microsoft 365 products on the market today.
- Understand how this can help the client achieve their goals.
- Q&A session.
