

## Viva Learning Quick Start

In today's rapidly evolving environment, it is essential that organisations support employees to continually learn and evolve their skillset to match the changing landscape. Viva Learning supports integrated learning pathways, easy content share and integrates to other learning management systems for an all-in-one experience within Microsoft Teams.

## Why Engage Squared?

Engage Squared are experts in employee experience and digital solutions. We've implemented hundreds of integrated digital solutions, which means we have both the experience and knowledge to implement innovative solutions that enhance and support the employee experience. We couple our deep product knowledge with expertise in change management to support excellent client outcomes.

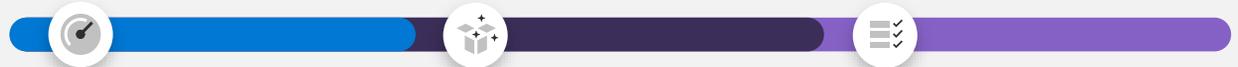

Get started today with **Viva Learning**

- Support your organisation's continual learning by launching Viva Learning\* into Microsoft Teams
- Democratize the creation and sharing of learning content, enabling leaders, managers and teams to self identify and resolve team learning goals, optimized for mobile and hybrid workers
- Find the right learning content, track completion rates and discover new skills with personalised recommendations and search

\*Viva Learning based on features included in existing licenses and excluding Viva Learning advanced features

## Approach & Deliverables

### Phase 1: Discover your current state

We will look to understand your current state learning technology ecosystem. We will help you to understand key learning challenges and determine the relevant personas and business scenarios for Viva Learning. We will map Viva Learning roles and responsibilities and identify how Viva Learning will support your business objectives to grow user capability and education.

### Phase 2: Prepare your Viva Learning Roll Out Plan

We will work with your team to design a fit for purpose change and adoption plan that recommends forms of training and communications to support a pilot user group, that can be leveraged for a wider implementation. We will also create a roadmap of activities to support an enterprise-wide launch of Viva Learning.

### Phase 3: Pilot Launch of Viva Learning

We'll support you to configure and deploy Viva Learning and Microsoft included content. Our expert adoption specialists will develop, in consultation with your team, a communication artefact to announce the roll out of Viva Learning. Additionally, we'll provide knowledge transfer and create quick reference guides to ensure successful launch and adoption.

**Investment**  
~\$26,500 AUD

**Timeframe**  
5 - 6 weeks

### Suitable for

Organisations who wants to pilot Viva Learning to help embrace a learning culture
