

MeBeBot

Your Intelligent Assistant

What is MeBeBot?

Extend your internal HR and IT support and **empower your employees** to get answers 24/7 to their most frequently asked questions, leveraging artificial intelligence technologies. With 40-60% of the workforce remote or distributed, save time and money while improving productivity, so that valuable time can be spent on customers and strategic work.

"MeBeBot's Intelligent Assistant is available 24/7 for our employees and assists with at least 80% of the most common questions our team receives. This improves productivity and saves time so we can stay focused on helping our customers." - Debra Ingram, Sr. Dir. of HR Technology and Operations

How It Works?

Our Intelligent Assistant **seamlessly** integrates to Microsoft Teams, Slack or as a Web Chat, for automated answers to employee questions, **anywhere** or **anytime**. With our Customer Portal, you'll have a dashboard with analytics and a knowledge base of the most asked HR, IT and Operations questions. From our **easy-to-use** interface, you can select curated questions and answers or customize the content to fit your needs and publish changes for **real-time** updates.

We'd love to hear from you. Contact us today to learn more about how you and your organization can benefit from MeBeBot's solutions.
