## ABOUT THIS SERVICE

Our Defender for Endpoint Professional Security Services address the challenge of securing all your endpoints by leveraging your Microsoft investment, ensuring comprehensive protection across your network. We not only provide the solution but also equip your team with implementation instructions and customized configurations, enhancing visibility and simplifying your security infrastructure for streamlined management.

## BENEFITS

- Gain enterprise-wide visibility into your endpoint environment.
- Mitigate alert fatigue by categorizing alerts based on their severity.
- Save time and resources with a centralized platform.
- Maximize Microsoft Security ROI With Out-Of-The-Box Defender Benefits.
- Ensure compliance with audit requirements.

## WHO WE ARE

As the winner of Microsoft Canada's Security Impact Award, Difenda stands as the most trusted provider of Microsoft Security services. Difenda accelerates, performs, and validates your Microsoft Security technology, meeting you wherever you are on your cybersecurity journey to maximize your outcomes.
