

Microsoft for Healthcare

Deliver better insights and care

Healthcare is transforming. Whether it is payment reform, regulatory compliance, improving margins, evaluating and safeguarding protected health information, leveraging new technology, or developing digital transformation strategies, healthcare organizations have had to adapt more than ever before.

Our Expertise

Together, Protiviti and Microsoft bring deep industry knowledge and skills to help healthcare organizations transform their business. Our solutions help payer and provider leaders make better decisions by managing the risks they face today, as well as illuminating the risks and unforeseen consequences inherent in their strategies for future growth and opportunity.

Our Healthcare Solutions

Protect Health Information

Improve Operational Insights

Empower Healthcare Teams

Transform Healthcare Delivery

Protiviti's Microsoft Solutions for Healthcare

Protiviti's professionals have expertise across all healthcare ancillaries and delivery sectors, including physician operations and all acute and post-acute specialty areas through the project and advisory services we provide. We provide healthcare solutions to better enable personalized care, empower care teams, and improve operational outcomes within a secure and compliant environment.

Protect Health Information

Payers & providers continue to face the challenge of constantly managing an ever-changing threat landscape, coupled with increasing scrutiny from regulators.

- Protect healthcare data with Microsoft Purview Information Protection
- Prevent the breach of sensitive health records, patient data, and personal identities with Microsoft Security
- Meet compliance obligations in a complex, ever-changing regulatory environment with Microsoft Compliance Suite

Improve Operational Insights

Healthcare is a data-driven industry, but many lack effective data governance practices to improve patient care, population health management and make informed decisions.

- Healthcare data visualization and reporting with Power BI
- Gather, store and analyze clinical data with Azure Synapse Analytics
- Track and monitor revenue integrity with Power BI

Empower Healthcare Teams

Margin compression coupled with increased workforce shortages have forced the healthcare industry to operate with increased efficiency and modernize communication and enterprise engagement.

- Simplify collaboration across care teams with Microsoft 365 and Microsoft Teams
- Automate manual processes with the Power Platform
- Enhancing quality of care through virtual visits with Microsoft Teams and Teams Phone

Transform Healthcare Delivery

Payers and providers continue struggling with how to establish a clear vision and associated strategies to address enhanced and predictive patient care expectations.

- Securely connect health devices and equipment to the cloud with Azure IoT
- Deliver better health outcomes with personalized care and intelligent systems with Azure AI & Machine Learning
- Improve operational insights with Microsoft Azure

Our Microsoft Partnership

Protiviti is uniquely qualified to provide organizations with key benefits for Microsoft services.

- ✓ Azure Migration and Modernization Program (AMMP)
- ✓ Microsoft Intelligent Security Association Member
- ✓ Managed Security Service Provider
- ✓ Azure Security Engineering Advisory Counsel
- ✓ 4-Time Worldwide Microsoft Partner of the Year Finalist
- ✓ Microsoft Security Excellence Award Finalist
