

The nature of work has fundamentally changed. Employees expect to work securely from anywhere, on any device. When their productivity tools enhance the quality and effectiveness of their work experience - companies empower their workforce – all while protecting IT assets.

Crayon's experts have more than 100 years of combined telecommunication technologies experience – from plan, design, configuration to maintenance and troubleshooting. Crayon will support your integrated communications solutions: PSTN connectivity through Direct Routing, Operator Connect, and Microsoft Teams Calling Plans and analog technologies to Microsoft Teams.

Gartner 2021

85% of organizations  
will be “cloud-first” by 2025

## Improve end user productivity

The Modern Assessment focuses on migrating to or implementing a Software as a Service (SaaS) Strategy

## When to Assess

-  Limited ability to enable remote work productivity
-  Fragmented collaboration caused by multiple system deployments
-  Cloud security concerns around migration due to lack of visibility, capabilities and barriers.

## Outcomes for your business

Empower your organization to make decisions backed by data and guided by experts

Understand the collaboration tools and technology available for improving productivity

Provides recommendations to achieve optimal security

Understand capabilities and barriers to remote work for hybrid workforce

Implementation

## Our Process

Our experts will guide you through a detailed, three-phased approach – from identifying your business goals to implementing specific action items, we've got you covered.

Minimize implementation risk and costs by designing a tailored and purpose-driven for you.

### Phase 1: (1-2 weeks)

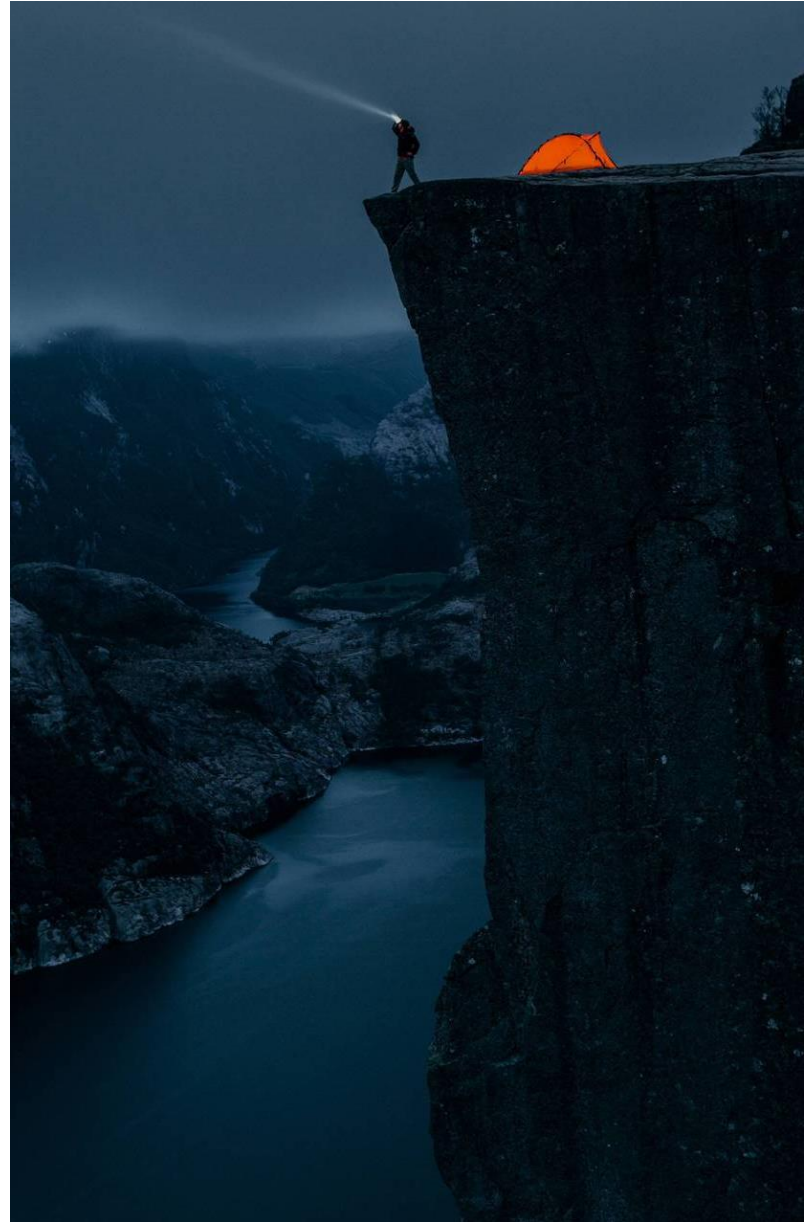

- **Planning:** Help you identify your business goals and objectives
- **Data collection:** Give you a clear picture of your current data estate

### Phase 2: (1-2 weeks)

- **Data analysis:** Optimize your investment with our analysis of your data and infrastructure

### Phase 3: (1-2 Weeks)

- **Action:** Implement a strategic plan created for your cloud journey

We help clients optimize and innovate with software, cloud, data and AI. Our team has deep expertise, with over 100 data scientists, each averaging 10 years of experience. Our services can help with a cloud migration, innovate through Azure, and improve the user experience with Modern Work and Teams solutions, all while keeping your data secure.
