# Key Partnerships

Microsoft and the Microsoft Azure cloud platform are industry leaders in data and analytics. SDK Tek is a **Gold Certified Partner** and has industry experience with a variety of Azure technologies ranging from: Azure Synapse Analytics (formally known as Azure SQL Data Warehouse), Azure Data Lake, Azure Data Factory, Azure Analysis Services, Power BI, and the Power Platform. Microsoft's vision to innovate drives SDK Tek to offer solutions that transform organizations.

Databricks is a powerful tool that packages technologies such as Apache Spark, Delta Lake, and MLFlow to offer a single product that provides reliable Data Engineering, collaborative Data Science, and standardized Machine Learning. Databricks is positioned in the elite Gartner Magic Quadrant for data science and machine learning platforms, although capabilities are not limited to these areas. SDK has (statistic on how many trained/certified consultants we have) and our experience, project complexity and history of successful, on-time delivery makes us one of the **top Databricks partners in Canada.**
