

Crayon Cloud Easy Services

Managed and Packaged Azure and M365 services enabling transition to the cloud.

Crayon Cloud Easy Services is a portfolio of Managed and packaged blueprint services designed to help you transitions to the cloud. Post implementation Crayon Cloud Easy services can manage the new cloud environment from end to end whilst ensuring compliance of your Azure, M365 and O365 environment.

Crayon Cloud Easy Services

The services cover the complete lifecycle of transitioning to the cloud. They begin by providing Cloud Advisory and TCO and help the customer through a journey from Proof of Concept, migration, implementation, identity, network connectivity and identity through to managing the environment and security and providing ongoing optimization.
