Strategize & Plan your Azure Cloud Journey with Invero.

Our **Azure Virtual Desktop (AVD) Enablement** sets your organization up for a modern approach to delivering Windows 10 multi-session to your users from the Cloud.

The solution combines on-site workshops with analysis of your current virtual desktop requirements in order to develop a comprehensive governance model and rapidly implement a pilot to begin testing and operationalizing your new VDI environment.

Solution Deliverables

Driving Digital Performance.

The Azure Virtual Desktop (AVD) Enablement solution results in an operational Pilot that will accelerate your AVD goals. The solution includes:

✦ AVD Workshop

A remote Teams recorded workshop around AVD. The workshop will educate participants on how AVD works and will do a deeper dive into the customer's environment.

✦ Alignment of AVD Pilot to your governance

AVD will be setup in accordance with the customers Azure Governance and operational strategy.

✦ A AVD Pilot Deployment

A scalable AVD Proof of Concept environment will be setup in the customers subscription which will allow the customer to familiarize themselves with the AVD concepts and management features.

✦ AVD Operationalization

AVD operations training will take place to ensure that the customer's team has the AVD skills readiness to be able to support scaling, security and other AVD operational tasks.

✦ Training, coaching and support

Invero will provide AVD commissioning and operational support training of your AVD environment.

Our Process

A proven formula.

Step 1: AVD Project Kickoff

Our Azure Consultants and Microsoft Specialists outline the engagement goals, timeline and roles and responsibilities

Step 2: AVD technical Workshop

A AVD deep dive delivered through a recorded Teams meeting to outline product features, capabilities.

Step 3: AVD Organizational Alignment

Stakeholder Interviews and a collaborative workshop, to define business motivations, use cases, value articulation and where AVD can accelerate your application delivery.

Step 4: AVD Pilot and Operationalization Training

Creation of a secure AVD pilot in the customers environment, along with setup and management training.

Step 5: Ongoing Training, Coaching and Support

We are here to support you for any AVD questions you may have.

About Invero

We are a Digital Innovation Company.

Our mission:

We help forward-thinking companies transform and build for what's possible.

Our experience:

Since 2010 we've developed deep expertise in Azure Migration & Optimization, Big Data, DevOps, Digital Workspaces, AI & ML, IoT, and Managed Cloud Services.

Our results:

We are an award-winning Microsoft Gold Partner, with a track record of helping clients rapidly achieve the benefits of cloud solutions.
