Cloud XR classroom collaboration solutions. New and exciting high tech learning environments created using innovative XR technology.

High Quality 3D Content In AR

Securely import and view all your files in AR. Visualise and manipulate even data intensive 3D content.

Merge The Real and Virtual

Place your designs in the real world. Manipulate projected assemblies directly at their envisaged destination.
Work On Complex Holograms

Fully manipulate your designs and assemblies. Place, rotate, adjust, resize, slice and dice. Save your work.

Share The Experience

Collaborate with your colleagues, partners or customers in AR. Set up local and global meetings.

- Avatars and audio provide exceptional clarity and quality to virtual and Co spaces.

- Users can join Co Spaces from any device, boosting retention.

- Simulations allow users to learn at their own pace.

- Simpler user management and single sign-on make remote space a seamless component of the learning experience.
Track Student Engagement

User management dashboards for tracking usage, attendance, attention, in-meeting data, and more.

Security And Compliance

Enables FERPA/HIPAA compliance and provides 256-bit AES encryption.

Integrate Seamlessly With Your LMS

Moodle, Canvas, Desire2Learn, Sakai, and Blackboard learning management systems.
Accessibility For All Learners

Ensure that everyone can participate equitably with closed captioning and keyboard shortcuts.

User Permissions

Add and manage users. Organize users
into groups and distribute curriculum
accordingly.

Distribution Management

Publish 3D educational content and
distribute everywhere around the globe
from a branded app store experience.
Redundant Storage

3D educational content libraries are
valuable assets and are protected
accordingly.

Content Management

Add, edit, and update educational
content for multiple apps from a single
location.

Co-Space Scheduling

You can save your work in a 3D virtual
space and load several interactive 3D
models at once.

Speech Translation

Create a more inclusive classroom for both
students and parents with live captioning
and over 100 cross–language understanding
