

# Power Platform | Business-Friendly Apps for Empowered Users

- We realize the meaning of **Empowerment and Organization Change**, which is why we offer **Microsoft Power Platform**.
- Enable quick turnaround of business-centric applications that **streamline** your work.
- Connect to data sources from the outset using a library of more than **250 connectors** (Excel, SQL, Oracle, SAP, CRM, etc..)
- Inherently integrated with **Office365 ecosystem**, with familiar interface that all employees can easily interact with.
- Build simple data apps, to complex business processes using **Power Automate**
