

What is Lexor?

- Project/case focused vs 'traditional' contact (customer and supplier) focus
- Custom field, Tagging, advanced and deep linking
- Universal API link with Microsoft Flow data source end points (legacy on premise, cloud based,...)
- Custom creation of sharepoint site via Microsoft Graph API with content types and Lexor Metadata

Forget about time registration!

- No more action-based time input
- No list views but unique Calendar view
- Smart time tracking with AI generates accurate proposals
- Smart Quote Manager

Office 365

- Outlook, Word,... native add-ins
- Phone, mobile tracking with apps
- Historical data up to more than 3 years.
- Quote manager based on historical data
