

What Occuspace customers are saying

Occuspace helps us keep our numerous study spaces open safely during the pandemic as well as providing a valuable service to our students.

David Burns

Associate VP, Library and Academic Technology Services

When we were thinking about reopening, Occuspace gave us the ability to see how spaces are being used to make them safer and more accommodating.

Lauren Di Monte

Assoc. Dean of Learning, Research, and Digital Strategies

The Occuspace Waitz app helps students make more informed decisions about where they are heading on campus. Their technology has benefited the university.

Gary Matthews

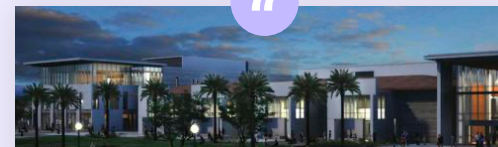

Vice Chancellor of Resource Management & Planning

It's been a pleasure working with the Occuspace team. You have a great, very efficient company with a terrific model. I hope the other installs go as smooth as ours.

Twila Smith

Chief Technology Officer

With Occuspace, we're able to see historical data about space occupancy and if there are parts of the library that are underutilized, which might point to other issues that we could look into.
