- Create a customized, actionable roadmap to support your transformation journey to Microsoft Teams

CONTACT YOUR AUTHORIZED POLY PARTNER FOR MORE DETAILS.

POLY ENVISIONING FOR MICROSOFT TEAMS SERVICE

At Poly, we understand the value in providing expert support around a platform as robust and comprehensive as Microsoft Teams. **Poly Envisioning for Microsoft Teams Service** is designed to accelerate your digital transformation and help maximize your business value through the usage and adoption of Microsoft Modern Workplace Cloud Solutions. Through remote workshops, our Microsoft-certified Poly experts will ensure you're equipped for success during deployment of all Microsoft Teams workloads—Chat, Calling, Meetings, and Collaboration. Prior to attending your initial Business Decision-Maker Workshop, you'll complete a pre-questionnaire to inform us on your immediate business' needs and overall vision.

During the workshop, we'll spend time going over your ideal business outcomes, review a range of use case scenarios, and determine success criteria unique to your organization. From there, you'll receive a customer success plan, and depending on what's most relevant, move onto one of the two design workshops below.

ADOPTION AND CHANGE MANAGEMENT WORKSHOP:

- Review your success plan
- Discuss key roles for successful adoption
- Develop communication and awareness strategies
- Determine a training strategy and adoption success criteria
- Receive an adoption and change management plan

CALLINGS AND MEETINGS WORKSHOP:

- Review your success plan, intelligent communications vision, and strategy
- Define use cases and modalities and analyzing users and main types of usage
- Go over voice landscape, migration needs, interop, meeting room and end goals
- Break down integration requirements and device and meetings room strategy
- Review portfolio of devices and map identified personas to workloads
- Identify key blockers to mitigate and receive Microsoft Teams migration timeline and plan
