# Our Journey

## ITCS Group in HK
- Started as a Tech-focused Talent Acquisition company.
- Expanded service offerings to IT Managed Services.

## Virtualization Expert
- Became a major service provider specializing in virtualization projects.
- Continued executing migrations to global corporations with more than 500,000 users.

## AnyWare & The Olympian Academy Launch

**AnyWare:** Launched the very first Enterprise-IT-as-a-Service product, an all-inclusive Cloud Office Solution.

**The Olympian Academy:** a dynamic technology Training and Coaching department by ITCS Group.

**2007**

**2008 | 2012**

**2013**

**2020**

**2021**

**2022**

## Business Expansion into APAC
- New business hubs in Australia, China, India, Japan and Singapore, and the US.
- Offered virtualization services for a major American investment bank with 240,000+ VDI sessions across the globe.

## Merging Virtualization with IT Service

With a successful track record of VDI migration cases globally, our group began developing our Cloud Office Solution.

## Secures Investment from Dymon Asia Private Equity

Partnering with Dymon Asia Private Equity (DAPE), the private equity arm of Dymon Asia Capital in Singapore, enables us to rapidly accelerate our growth to scale up the tech industry in Asia-Pacific over the next 2 to 3 years.
