

# Business Central – Manufacturing Workshop

*A 3-day on-site engagement using your data and industry best practices to show you how to streamline your manufacturing operations.*

*Naviona is a Microsoft partner with a long history of implementing Dynamics 365 Business Central (formerly known as Dynamics NAV) in manufacturing environments.*

*The workshop will be led by one of our advisory level consultants with more than 15 years' experience in manufacturing implementations. The approach of the workshop is to interactively configure sample products and walkthrough the manufacturing processes using your data in Dynamics 365 Business Central.*

## **Agenda**
