

Migrating is cost-effective

Migrating your content, teams and business should not be expensive, or even more than your yearly storage subscription. Movebot's pricing scales and is often five to ten times more affordable than other tools.

Less than 1TB \$0.39 per GB 100GB Included Min charge \$49.99 Get Started	More than 1TB \$0.25 per GB Premium Support No min charge Get Started
--	--

No subscription

You only transfer your data once, so why subscribe to a yearly plan? Simply pay as you go down to the gigabyte.

5x - 10x more affordable

Movebot has been built in a modern, scalable and flexible manner. This enables Movebot to be a lot more affordable than other tools in the market.

Scaling pricing model

The standard prices are affordable, but with volume we can go even cheaper. Don't be afraid to reach out for a quote.

Migrating with humans

Movebot's team is a friendly bunch located in New Zealand. The team are always available to offer a hand and help to ensure your migration finishes smoothly.

Accessible humans

Movebot's humans are available via phone, email or video and are always happy to assist you with your migration.

Remove the complexity

Migrating into a whole new cloud platform can be complex. The Movebot team are here to assist and provide you a peace of mind.

We know the cloud

Clouds can all be different and hard to understand but not to worry! Movebot has partnerships and relationships with all of the cloud vendors
