

AMERGINT

ABOUT AMERGINT

We are a trusted and innovative partner in the evolution of mission-critical communications. Our solutions enable the links our customers use to communicate with vital assets around the globe and in space.

EXPERTISE

Manned Space

Earth Observation

Satellite Launch

On-Orbit Operations

Defense

National Programs

Missile Defense & RADAR

LEO SmallSats

Ground Networks

Satellite Test

CORE COMPETENCIES

- » Ground and Flight RF Communications
- » Ground and Flight Telemetry and Commanding
- » Guidance, Navigation, and Control Avionics
- » Precision Electro-Optical Systems
- » Cloud Computing
- » Terrestrial Transport
- » Assured Tactical Communication Networks
- » Precision RADAR Systems
- » Launch Pad Data Acquisition and Control Systems
- » Cyber Security
- » Analytics
- » Ground and Flight Data Acquisition/Control
- » COMSEC
- » Compliance (CCSDS, MTS, AFSCN, GMSEC)

MISSION SOLUTIONS

softFEP®: Solutions for ground networks and satellite operations centers

- » Network Gateway
- » Front End Processing
- » Payload Processing
- » Data Recording/Playback
- » WAN-Express
- » COMSEC Converter

satTRAC®: Solutions for satellite antenna sites

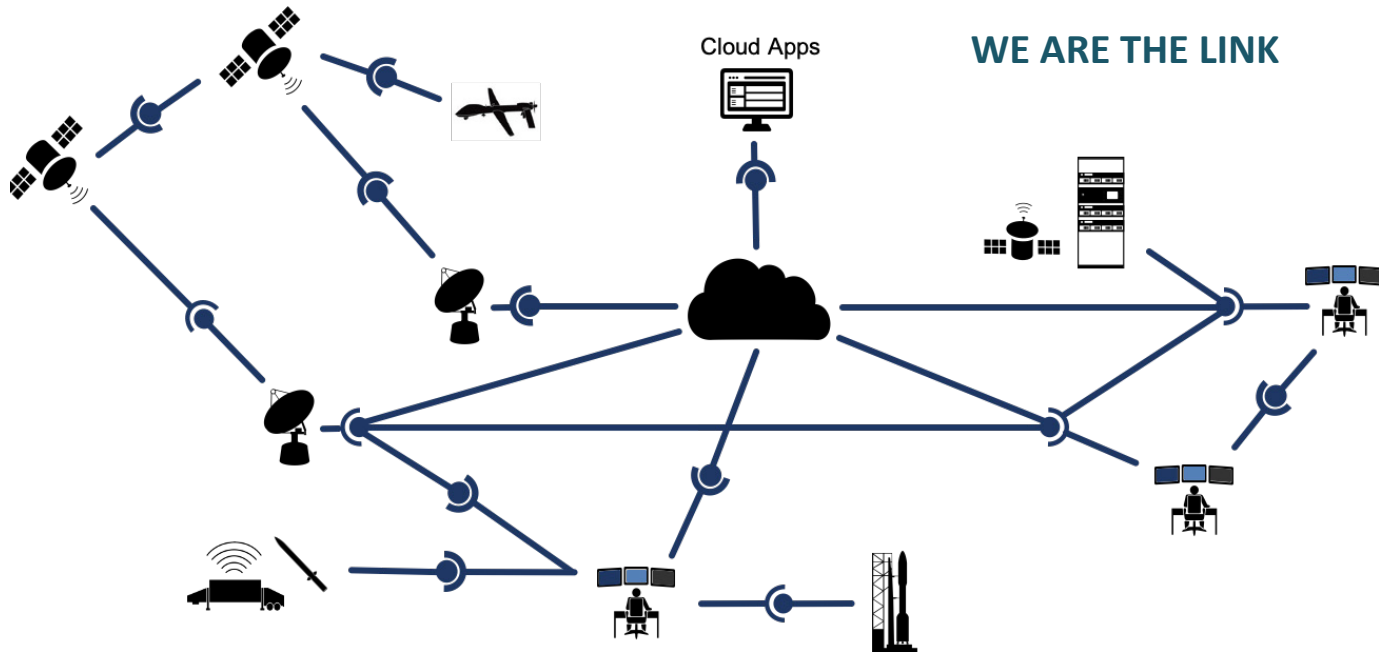

- » TT&C Modem
- » Payload Modem
- » Spread Spectrum Modem
- » Channel Emulator

inSIGHT™: Solutions for spacecraft, launch vehicle, and missile test systems

- » IoT Analog, Discrete, and PCM Data Acquisition and Control I/O Modules
- » Real-Time Channel Monitoring, Storage, Data Visualization, and Analytics
- » Data Acquisition and Control Software Using our SOFTLINK® and TestExec™ Application Software

SOFTLINK® FACILITATES COMMUNICATION CHANNELS

SOFTLINK®, AMERGINT's software-based architecture, combines hardware and software in a single architecture and forms the "toolbox" we use to solve mission-critical problems with our customers. Whether you have a completely virtual system or a host with edge devices, SOFTLINK leverages software modular, scalable Apps to deliver flexible and agile functionality.

DRIVING FORCE

We are passionate about solving mission-critical challenges.

MAKING AN IMPACT

Many of our Nation's space programs rely on AMERGINT-built technologies and systems.

COMPANY CULTURE

We value our employees, their talents, and their contributions, and empower them to thrive.
