

Migrate your Office 365 Apps to Microsoft 365 with Cloud Intel

Secure your future with a Modern Workplace !

Microsoft 365 is a suite of products Microsoft offers that enable businesses to be more agile in their workplaces. By combining proven applications like **Excel** and **Outlook** with powerful cloud services, including **OneDrive** and **Microsoft Teams**, **Microsoft 365** lets anyone create and share anywhere, on any device. Microsoft 365 offers all the benefits of Office 365 but adds **Windows 10** licenses and **Enterprise Mobility and Security (EMS)** tools. This means an increased layer of security for your users.

Cloud Intel helps migrate your **Office 365 Apps** to **Microsoft 365 Cloud** to ensure you will have a **secure future and modern workplace**.

Our **Office 365 to Microsoft 365 Migration Assessment** provides you with a better understanding of the components of your infrastructure, including the number of servers, the current version of the old platforms, the number of users, etc., and helps you find out potential hurdles to a successful transition. Considering the technical requirements and **specific needs of the organization**, we provide a **migration plan and roadmap**, **business value analysis**, **benefits analysis**, **licensing**, and **financial overview**.

You can effectively tackle **Office 365 to Microsoft 365 migration** in a hassle-free and synchronized manner without any downtime, lost emails, or other IT issues with **Cloud Intel's Office 365 to Microsoft 365 Assessment**.
