

eWAY Inventory Management System

MAXIMIZE YOUR WAREHOUSE EFFICIENCY

eWAY Inventory Management System is created to cater to all business owners. You can customize the app features to meet your specific business requirements. eWAY Inventory Management system will help you manage your warehouse space and track down the inventory items in the best way. You can access your inventory details from anywhere using our inventory management tools.

WHY eWAY INVENTORY MANAGEMENT SYSTEM?

Most retail businesses deal with hundreds of inventory items and suffer from the expiration of stock items due to a lack of sales of particular items. You can save all the money you can potentially lose on expired items by using our professional inventory management system. eWAY Inventory Management lets you track down every single item in your store, so you can create discounts and offers on items that can potentially expire in a few months.

- ✓ No training needed
- ✓ Easy to use UI
- ✓ Cost-effective features

Track inventory

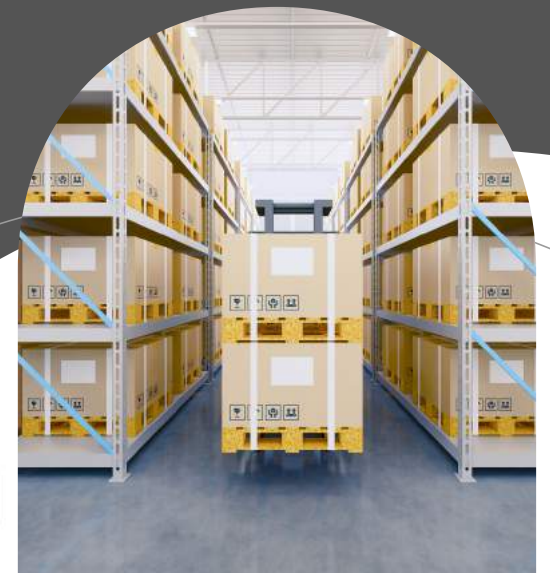

eWAY inventory management tools help track the available quantity of each item to ensure that every item is ready to sell. It will help you find missing items faster and track a possible theft in your store.

Analyze sales data

Understand the supply-demand dynamics by analyzing your sales reports. Use the data to avoid purchasing items with low or no customer demand.

Speed up billing

eWAY Inventory Management Software helps you save time and effort in entering the price, expiry, and GST for each item you sell.

OPERATE ONLINE AND OFFLINE

Create bills for your customers without requiring an active internet connection.

DATA SECURITY

Keep all the data safe and secure using our encryption system and save the cost of maintaining them.

SECURE SUPPLY DYNAMICS

Help record the transaction details and reduce the number of available stock items in the inventory.

KEEP TRACK OF REAL

Time numbers in your inventory. It allows you to set up alerts for low stock levels for specific items that reflect actual demand in your store.
