SNP'S MANAGED BACKUP & DISASTER RECOVERY SERVICES

SNP's backup and disaster recovery service provides simple, secure and cost-effective solutions to back up your data and applications and recover it from the Microsoft Azure cloud.

Our experts can advise you on our backup and disaster recovery services to meet your exact requirements in terms of technology, budget, Recovery Point and Time Objectives. Our solution architects and service teams will accurately match the right technology, tailoring the solution to match your environment

SNP helps you address challenges like:

- ➤ Manpower for continuous monitoring of backup jobs, replication jobs
- ➤ Overcome last minute hiccups during a disaster recovery due to poor disaster recovery planning
- ➤ Planning and scheduling disaster recovery drills
- ➤ How quickly will you be able to gain full productivity after a disaster.
- ➤ Hassle free recovery process of user data and infrastructure.

SNP offers:

- ➤ Backup failures alerts monitoring.
- ➤ Bi-weekly, monthly and quarterly pro-active DR drill and data recovery checks.
- ➤ Expert knowledge over Backup and DR solutions in the Azure cloud environment.
- ➤ Recovery of data loss over cyber outages, hardware failure and cyber-attacks.
- ➤ Our enterprise backup solutions cover: Virtual servers, applications, databases, and other mission critical data
- ➤ File and folder level backup.
- ➤ Daily snapshots of cloud virtual machines and restoration from snapshots.
- ➤ Self-serve and on-demand restore with robust SLAs.

Deliverables:

- ➤ Our team of experts will handle your cloud Backup & Disaster Recovery solution management and provide the consolidated reports for all the Backup and DR activities.
- ➤ Advisory recommendations as part of the regular periodic improvement process.
- ➤ An end-to-end protection for your data to achieve efficiency and scalability within your backup and recovery environment, without the need for upfront investments, an on-premises infrastructure & the management overheads.
- ➤ Our services are designed to deliver highly scalable, reliable and secured backup services.
- ➤ Availability to quick and remedial actions including on-demand technical service.

About SNP Technologies Inc.

SNP's consulting services help businesses of all sizes transform with innovative, cloud-based solutions that harness the power of Microsoft Azure.

We combine elements from our ISO certifications and Microsoft specializations as well as the most efficient and innovative technology tools and platforms to help our clients become more agile, more customer focused and more operationally efficient.
