

# CMC TECHNOLOGY AND SOLUTION

# Timesheet PowerApps Integrate with ERP

Agility, fast, and mobile-friendly for your employees to log their time on a project.

• **MADE BY CMC**  
SOLUTIONS •

- The app is for organizations that do not want to spend a lot of money on task management to manage time tracking.
- Timesheets integrates easily with ERP.
- With this simple app you can manage different projects and empower your employees to accurately bill the client/project by adding daily time entries.

# Introduction

# Input Timesheet Workflow

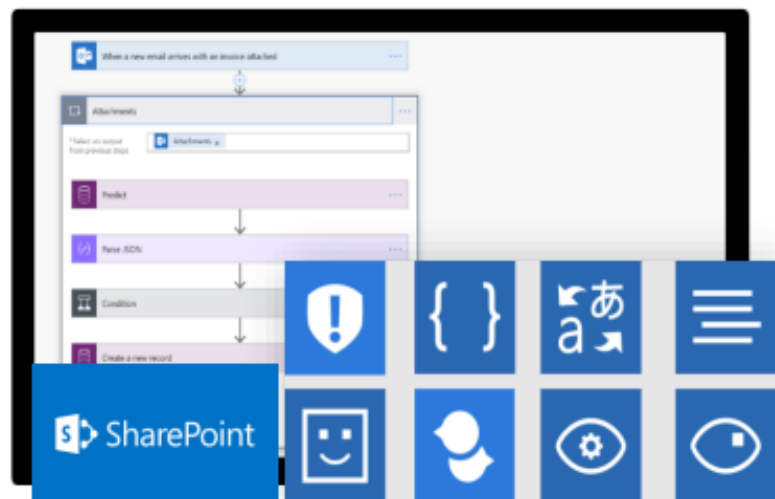

This application has 2 roles:

- **Manager:** Managers can view time or log entries posted by the resource under the project assigned by him/her.
- **Resource:** Employees can log/view their time entries per project / task code.

Permission

# Solution Architect

## Power Automate

## Advantage

- The application provides a very simple user interface without adding any flexible elements for rapidly loading on mobile devices.
- Additionally, the application automatically generates daily / weekly report with option to generate on-demand time entry report for each project.
