ARINCO

ACCELERATE INNOVATION. SIMPLIFY INTEGRATION.

Unlock your organisation's potential with the right foundation for your APIs

BUILD A BEST-IN-CLASS API PLATFORM TO TURBO CHARGE YOUR DIGITAL TRANSFORMATION AND UNLEASH INNOVATION.

APIS DONE RIGHT WITH AZURE API MANAGEMENT

Building APIs is hard. Ensuring they are built to scale to the demands of your business, and secured to keep your data safe, is even harder. Arinco's APIs Done Right solution accelerator simplifies this for you by providing a best practice API platform for your APIs. Built upon Microsoft's Azure API Management service, it provides the right foundation for you to build, deploy, secure and manage your APIs.

WHY CUSTOMERS USE THE APIS DONE RIGHT SOLUTION ACCELERATOR

This 6-week engagement is relevant if you:

- Are ready to kick start or consolidate an API program in your organisation
- Need a flexible and scalable platform to grow with the demands of your business

- Wish to drive API adoption in your organisation
- Want to benefit from enhanced developer productivity and reduced time to market

DESIGN YOUR PLATFORM

Understand your key business needs for your API program and design the right solution to fit

Build on a foundation of DevOps, Infrastructure as Code, policy, monitoring and telemetry

The API platform will enable you to build, deploy, secure and manage all your APIs

DEVELOP AND INTEGRATE

Deploy Arinco's APIs Done Right solution accelerator

Onboard the first APIs to the platform

Ensure APIs are deployed correctly, secured and scalable

Accelerate development and deployment of APIs and empower your developers to start working quickly and effectively

MONITOR AND SCALE

Monitor performance and availability of APIs

Continue deploying more of APIs to the platform

Configure additional regions for high availability and business continuity

Monitor, manage and operate your API platform with knowledge that it is built on best practice design and experience

Arinco achieves the best outcomes by amplifying, partnering and working with your existing teams
