

What our customers say!

Microsoft Teams Chat

SENSO TO THE RESCUE!

“Senso has provided us with an excellent and ever evolving safeguarding solution for some time now, enabling us to monitor effectively what pupils do on our devices, with the exponential increase in remote learning through Microsoft Teams. Senso has yet again come to our rescue in providing the level of safeguarding we need to assure that our pupils remain safe whilst using Teams, no matter where they are.”

Alan Hughes | Holgate Primary School

EASY TO USE

“With Senso Teams monitoring we are able to make full use of Teams, knowing that we can monitor Chat – including Private Chat – for safeguarding concerns. It is easy to use and we’re aware of any incidents with students within a few seconds.”

James Durrant | Oaklands Catholic School & Sixth Form College

GIVES US REASSURANCE!

“We are excited to be able to enable all parts of Microsoft Teams, to aid us to deliver 'Distance Learning' with the reassurance that we are working within our safeguarding policies. Without Senso's Microsoft Teams monitoring we would not be able to achieve this.”

Dan Joslin | Sweyne Park School

ACTIVELY MONITOR CHATS AND IMAGES

“With the current situation we face and the increasing need to use ‘Distance Learning’ we like most have embraced the use of Microsoft Teams but have been very anxious over the ‘Safeguarding’ aspect. This limiting factor has been a concern, but now with Microsoft Teams Monitoring from Senso, we are able to actively monitor not just the what is said, but images too!”

George Loczy | Queensbury Academy
