Benefit From the Experience of Power Pages Experts

Engineered Code is a recognized leader in Power Pages.
We are trusted by clients and Microsoft partners all over the world.

Engineered Code is led by Nicholas Hayduk, a Microsoft Business Applications MVP recognized for his Power Pages community contributions, including his blog, YouTube channel, and speaking appearances at conferences world-wide. Nicholas began his career over ten years ago at Adxstudio – the original builder of Power Pages acquired by Microsoft in 2015.

Engineered Code consulting packages allow you to tap into the expertise we've gained over years of Power Pages implementations.

When you work with Engineered Code, you're in control – you decide how we spend our time. Options include providing high level strategic advice, scheduling a training session, engaging a developer to take care of your tricky business needs, or opening a communication channel so your team has someone to reach out to when they've got a question.

Engineered Code has the resources to help you get the most out of your next Power Pages project. Let us know how we can help!

Engineered Code offers the following consulting packages:

Hours	Cost
4	$1,000 USD
40	$7,000 USD

Hours are prepaid, consumed in 15-minute increments, and must be used within one year of purchase. Costs indicated above do not include taxes, if applicable.

Engineered Code is a recognized leader in Power Pages led by Microsoft Business Applications MVP Nicholas Hayduk.
