

Empowering your employees' wellbeing

A well-being platform that is effective, science-based
with actionable insights

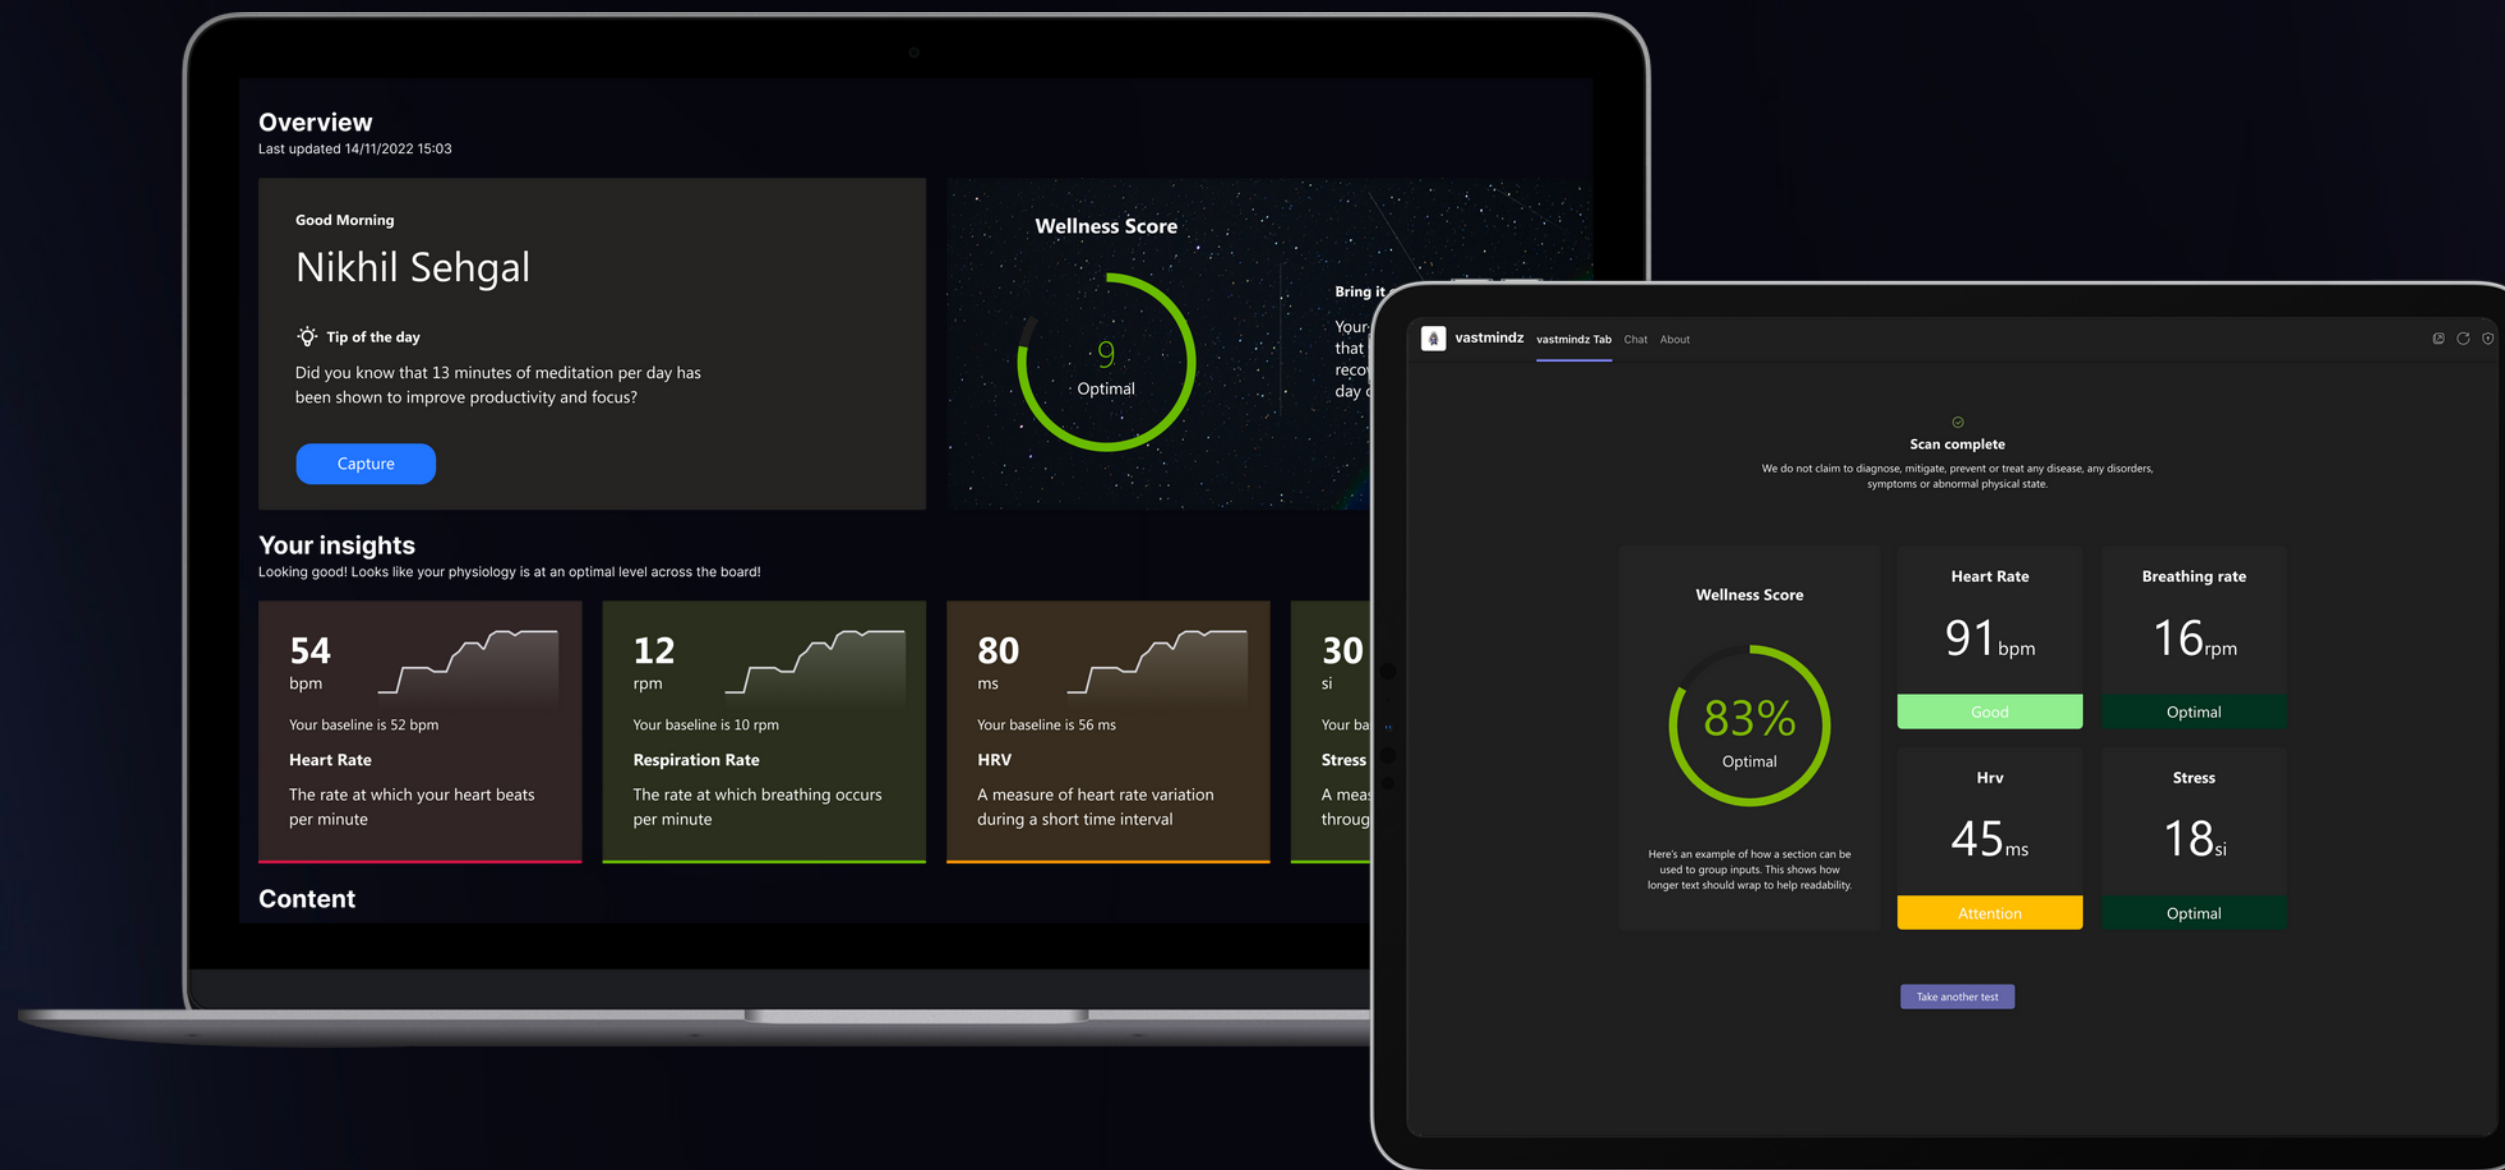

Available on Microsoft Teams

Problem

There is no cost effective way to monitor the wellbeing of thousands of employees, **until now**

Personalised well-being,
delivered seamlessly

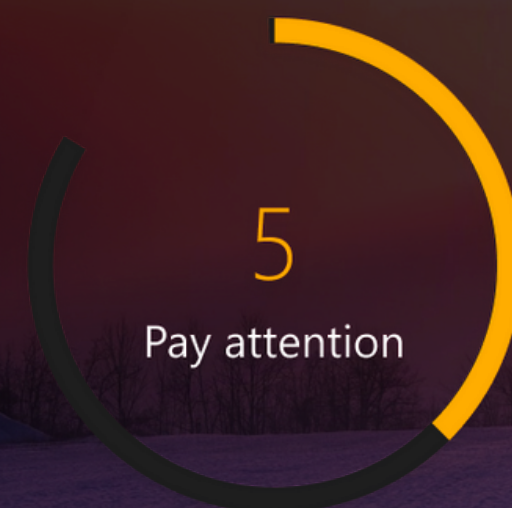

Wellness Score

Bring it on!

Your wellness score indicates that you are well rested and recovered and ready for another day of intense work.

Wellness Score

Take it easy

Your stress level is somewhat elevated compared to your baseline. Focus on hydrating to replenish your energy.

Actionable Insights

Users get actionable insights from our personalised wellness score.

The mental health crisis is real

Your people need a well-being platform that is easy to use and promotes an improvement in overall well-being whilst allowing them to manage mental stress.

No surveys.
No questions.
Just pure science.

Admin View

Insights for the day

The overall wellbeing score has been trending lower over the last few months, it's time to check-in with your employees

Wellness Scores for this month

Empowering managers

	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov
Wellness Score	Optimal	Optimal	Attention	Optimal	Optimal	Optimal	Ok	Optimal
Heart Rate	Optimal	Optimal	Ok	Optimal	Optimal	Ok	Optimal	Optimal
