

Dynamics NAV to Business Central Migration Assessment

Unlock the last upgrade you'll ever need. Transition your on-premises Dynamics NAV application to the cloud with our complimentary Dynamics 365 Business Central (BC) migration assessment.

At its core, Dynamics 365 Business Central (BC) is a comprehensive cloud-based Enterprise Resource Planning (ERP) system designed to streamline and optimize your business operations. It's a powerful tool that can empower your organization with a wide range of features, including financial management, supply chain management, sales, and customer service. By moving to Business Central, you're positioning your business for enhanced efficiency and competitiveness in today's rapidly evolving market.

Our Offer:

During this comprehensive assessment, we will thoroughly evaluate your existing Dynamics NAV system, guiding you to discover the ideal cloud migration strategy for your business. Whether you're a small business or a larger enterprise, the benefits of this migration are numerous:

Key Benefits of This Assessment:

1. Recognizing the Value of Upgrading to Business Central for Your Company:
2. Dynamics 365 Business Central brings your ERP system to the cloud, offering scalability, accessibility, and data security that on-premises systems cannot match. We'll help you understand how this shift can transform your business.
3. Diagnosing Functional and Technical Gaps:
4. We'll identify any functional or technical gaps in your existing system that might affect the migration process. Our team of experts will ensure that every aspect of your business is considered.
5. Aligning Your Business Requirements with Dynamics 365 Business Central Functionalities:
6. Business Central comes with a wide range of functionalities. We'll work with you to align your specific business requirements with the features and capabilities of BC to ensure a seamless transition.
7. Navigating Existing Customizations and Data Migration to Cloud Dynamics 365 BC:
8. If you have customizations or unique data structures in your Dynamics NAV, we'll guide you on how to best handle these while migrating to Business Central. Your unique business processes will be safeguarded.
9. Identifying the Optimal Migration Method to Minimize Costs and Efforts:
10. We'll evaluate various migration methods to find the one that minimizes both costs and efforts for your organization, ensuring a smooth and cost-effective transition.

11. Determining Accurate Timelines for Migration and Next Steps:
12. To ensure minimal disruption to your operations, we'll help you establish accurate timelines for migration and the subsequent steps, ensuring a clear path forward.

Key Details:

This assessment will be spanning 3 days. We request approximately 1 day of your team's time for a thorough evaluation. The assessment is provided at a cost and is available to all Dynamics NAV users globally.

Components:

The assessment is broken down into four stages: Business Introduction Session, Technical Assessment, Functional Assessment, and Presentation and discussion of the next steps. Rest assured, the final pricing and timeline will be determined based on your specific business needs.

By taking advantage of this opportunity to migrate to Dynamics 365 Business Central, you're setting your business on a path toward unparalleled growth, efficiency, and adaptability.

It's more than just a migration; it's your key to the future of business excellence. Get started today!
