

### Employee Lifecycle

Ingentive will help you transform and enhance your Joiners, Movers, Leaver process with a customised onboarding solution that fits your organisation's specific needs. With this onboarding solution, you can leverage the capabilities of the Power Platform & Microsoft Teams Stack to maximize your existing Office365 investment and improve not only employee experience, but also save costs with a simplified process from start to finish.

### Streamline your approach and maximise value

- Automated creation of new accounts
- Controlled and consistent process
- Fully customised and branded app that will look familiar to users
- Less time spent on manual, time consuming tasks
- Integration into other third partytools –egWorkday

### Why Ingentive?

With extensive experience using the Microsoft stack, Ingentive can help you improve workforce productivity through automation of key business processes, leveraging the Power Platform and Microsoft Teams.
