ENTERPRISE AZURE PLATFORMS

Free of charge Discovery Consultation (3H). Our team quickly assess your current cloud environment, identify opportunities for improvement, and deliver tailored platform optimisation recommendations.

ABOUT THIS SERVICE.

BlakYaks' Discovery Consultation is designed for clients looking to optimise their Azure (Landing Zone, Container, Data) platforms. Our team will explore your current Azure environment (and cloud native goals), and compare this against our recommended methodology helping to navigate common challenges/blockers and provide you with a clear plan of action.

WHAT WE OFFER.

Get access to a specialist consultant-led advisory service. We will facilitate a "deep dive" into your enterprise Azure platform and cloud native goals, we assess your level of maturity and help you to shape a future development roadmap.
All findings will be presented and documented in a recommendations report.
The session is aimed at technical leadership (heads of) – Infrastructure, App Dev (DevSecOps, CICD) and Operations (SRE). Ahead of the workshop, our team will schedule a planning call to agree your key priorities and focus areas for the session and confirm attendees.
