Copilot

# Azure Marketplace offerings

## M365 Copilot Readiness Scan

Before you take off with Microsoft 365 Copilot, make sure your organization is ready for this journey. With our *Copilot Readiness Scan* we assess both the technical and cultural aspects that might influence the adoption rate of Copilot in your organization.

- Online
- Free of charge

## M365 Copilot Inspiration Session

Microsoft 365 Copilot helps you increase productivity and creativity. Be ahead of the curve and get inspired by its endless possibilities right now. Learn what Microsoft 365 Copilot is, what its capabilities are and what it can mean for your organization in our one-hour online inspiration session.

- Online or onsite
- Free of Charge

## M365 Copilot Training & Roadmap workshop

In our half-day workshop, you will have the opportunity to discover the endless possibilities of Microsoft 365 Copilot. Our experts will guide you through hands-on exercises and brainstorming sessions to help you explore and evaluate the most valuable use-cases for your organization's Copilot-roadmap.

- Online or onsite
- €2.500

## Adoption roadmap for M365 Copilot

Activating Copilot licenses is the easy part, realizing true adoption by your employees is where you get the maximum return from Copilot. In our Adoption Roadmap we co-create a plan how to remove employee challenges, remove potential resistance, introduce training plans,...and much more.
