AVD Kickstarter

Accelerate your AVD deployment

We're seeing that one of the main reasons for an AVD rollout being delayed or blocked is due to the applications. Rimo3 removes this blocker and can accelerate an AVD rollout by fully automating the discovery, testing, conversion, and management of customers applications.

Rimo3 Kickstarter Bundles

Freemium Bundle - £0

- 5 Applications
- 10-day license
- Onboarding workshop
- Custom Windows image support

How Does Rimo3 Help?

Rimo3 Cloud enables Enterprise customers to fully automate the discovery, testing, conversion and migration of their Windows applications. Allowing customers to automate SCCM to Intune application migration, accelerate the rollout of AVD through automated MSIX or App Volumes conversion, and automated Windows 11 multisession testing.

Microsoft and Customer Benefits

- Remove application blockers and accelerate AVD
- Onboard and Discover Windows applications from SCCM
- Create an automated pipeline for connecting to SCCM and migrating apps to Intune
- Validating application readiness for Windows 11 multisession
- Reporting application performance from current environment against target environment
- Modernizing your applications for app-attach
- Microsoft Management Customer Connection Partner
- Accessible on Azure Marketplace
- MSIX Partner
- Accelerate ACR from AVD
- Integration with Nerdio Manager for Enterprise

Rimo3 Use Cases

- SCCM to Intune
- Legacy VDI to Windows 365/AVD
- Windows 11
- Application Modernisation
- Ongoing Release Management
    - OS Change through updates/config update
    - Application versions
