Haldor Education Suite

Haldor Dashboard

A personalized dashboard that gives you an overview of everything that is happening: news, lessons, assignments and much more. With Haldor's free dashboard, you can easily navigate between your educational Haldor add-ins in Teams, for example planning, assignments, timetable, learning progress and attendance.

Haldor Planning

Let's teachers plan lessons or subjects and build engaging curricula in Microsoft Teams with Teams Assignments. The user-friendly add-in lets teachers and students work with plans, assignments and assessments in a single tab within Teams.

Haldor Assignments

Haldor assignments lets you work with peer assessment, self-assessment and group assignments in Microsoft Teams. It also lets you organize your students into groups with just the click of a button.

Haldor Timetable & Attendance

Teachers and students can easily access their personal timetables in Microsoft Teams with Haldor Timetable & Attendance. Teachers can also report student attendance and absence through the timetable.

Haldor Student Insights

Get a complete insight into the student's learning progress and everything related to the student with Haldor Student Insight. The add-in extends the functionality of Microsoft Teams with components for student portfolio, individual learning plans, files, notes about the student and adjustments needed by the student.

Haldor Parent

Make it easy for parents and carers to support their child's learning and development from home. Haldor Parent gives parents full insight into their child's assignments, assessment, lesson plans, timetables and more. They can also communicate with teachers and get the latest news from school.

Haldor Parent-Teacher Meeting

Make it possible for teachers to set up and manage parent-teacher meetings in Microsoft Teams. Parents and students can book their meeting in Teams and get all the information they need to prepare for the meeting.

Haldor Preschool Planning

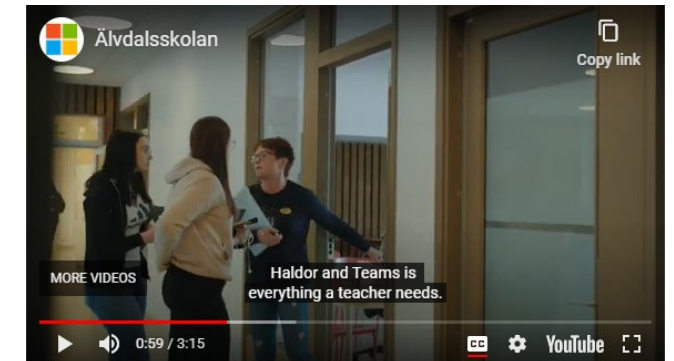

Easily create preschool lesson plans based on your learning standards to help teachers support preschoolers' growth and development. Document the children's progress with samples of their work, for example photographs, videos and text. Skolverket.
