MICROSOFT AZURE MIGRATION ASSESSMENT

Unlock the full potential of Microsoft Azure with our comprehensive analysis

01 Client Benefits

- We will work with your team to develop goals and prepare your team for productivity improvement through a streamlined process.
- Our recommendations will prioritize key requirements and develop strategies with Azure tools and roadmaps to help optimize your organization.
- After our assessment of your organization's environment, we will be able to identify gaps and provide recommendations for improvement while providing architectural limitations or constraints that may impact the future implementations.
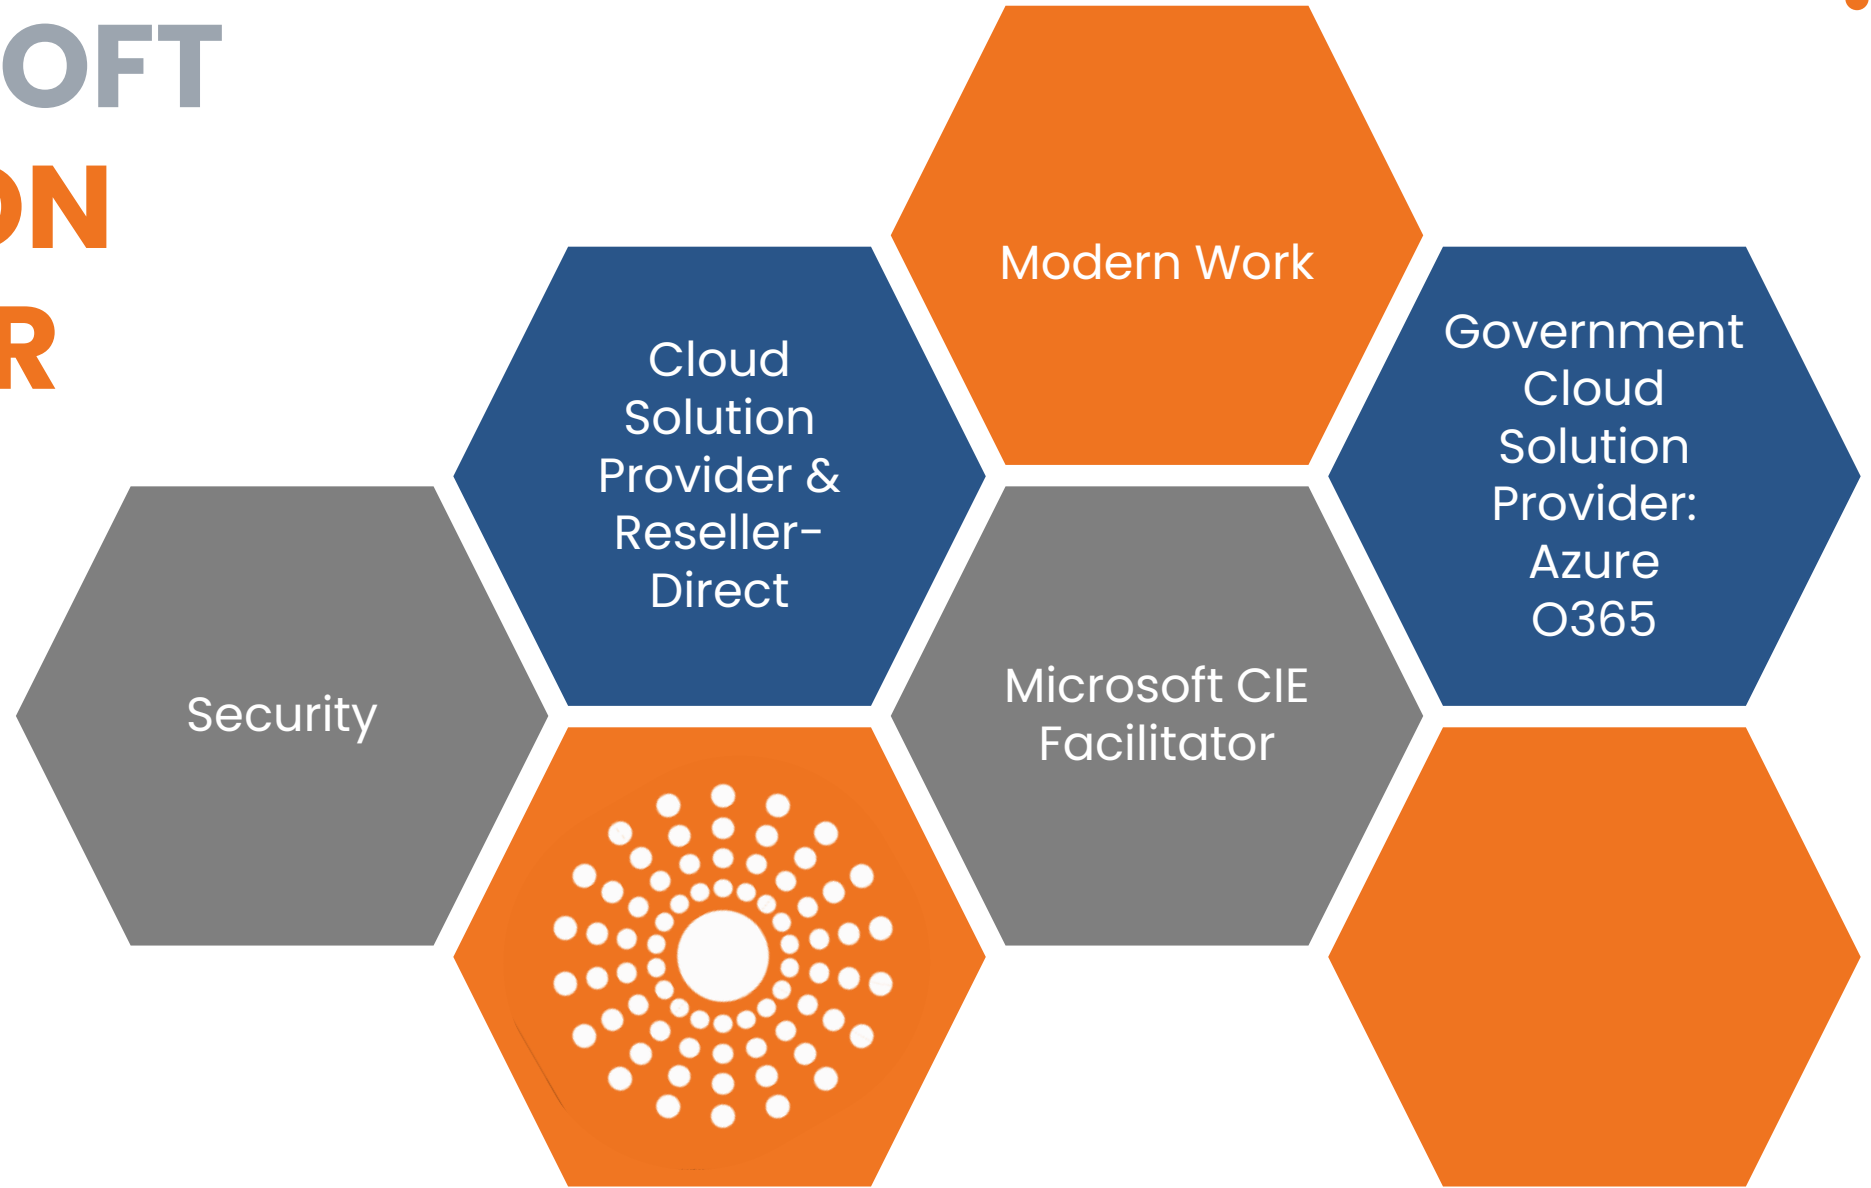

02 Assessment Goals & Strategy

- The Managed Solution team will determine where performance and reliability can be improved in the organization's current state.
  We will prioritize business needs and propose Key Performance Indicators (KPI).
  Our team will provide a detailed analysis and roadmap of your business line of applications and environment for cloud-based implementation.
- These comprehensive roadmaps will provide guidance on aligning business requirements with budget estimates.
