

SPEND MANAGEMENT SIMPLIFIED

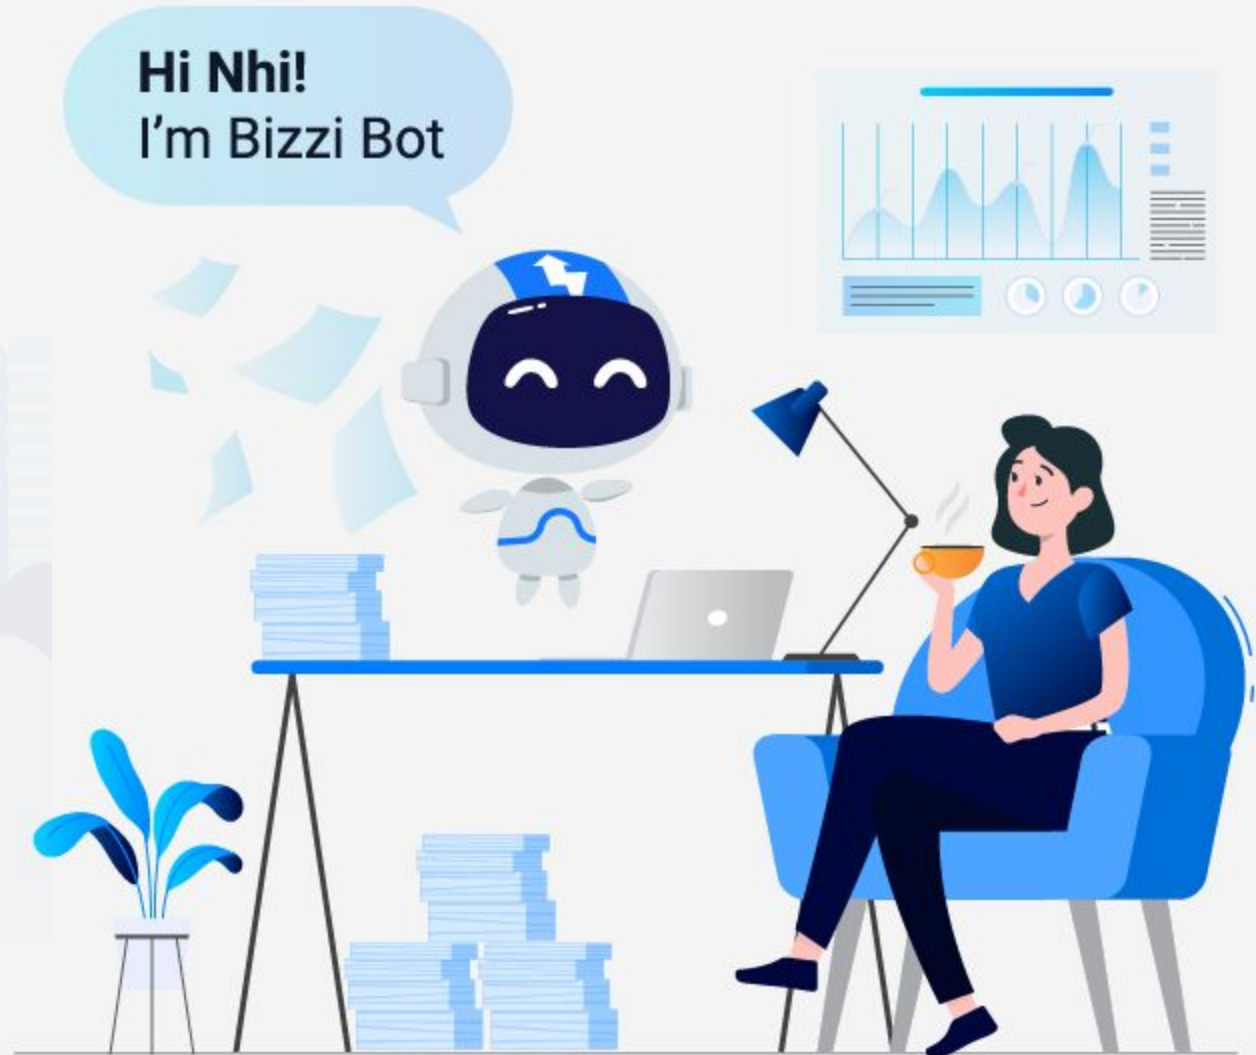

ABOUT US

Bizzi was established with the mission of developing **automation** solutions by applying 4.0 technology (**Robotic Process Automation**, machine learning, AI), specifically to **finance & accounting processes**, that subsequently help in increasing productivity and reducing costs for businesses.

We aspire to become an effective assistant to the finance & accounting department in the digital transformation process, making accounting work simpler and easier.

BIZZI - YOUR DIGITAL FINANCE CONTROL ASSISTANT

Improve operational efficiency

Automate and streamline the process of cost management, payment of pre-determined expenses from budgets, and control the reconciliation of incurred costs, with payment transactions.

Increase visibility and agility

Transaction data and expense reports are updated quickly and in detail. Expense alerts, controls by policy, and budgeting to the smallest of items is provided.

Minimize expenses and optimize cash flow

Pay expenses with Bizzi's Business Credit Card. The card comes with many incentives and increases convenience when integrated with Bizzi's expense app.

COMPREHENSIVE FEATURES

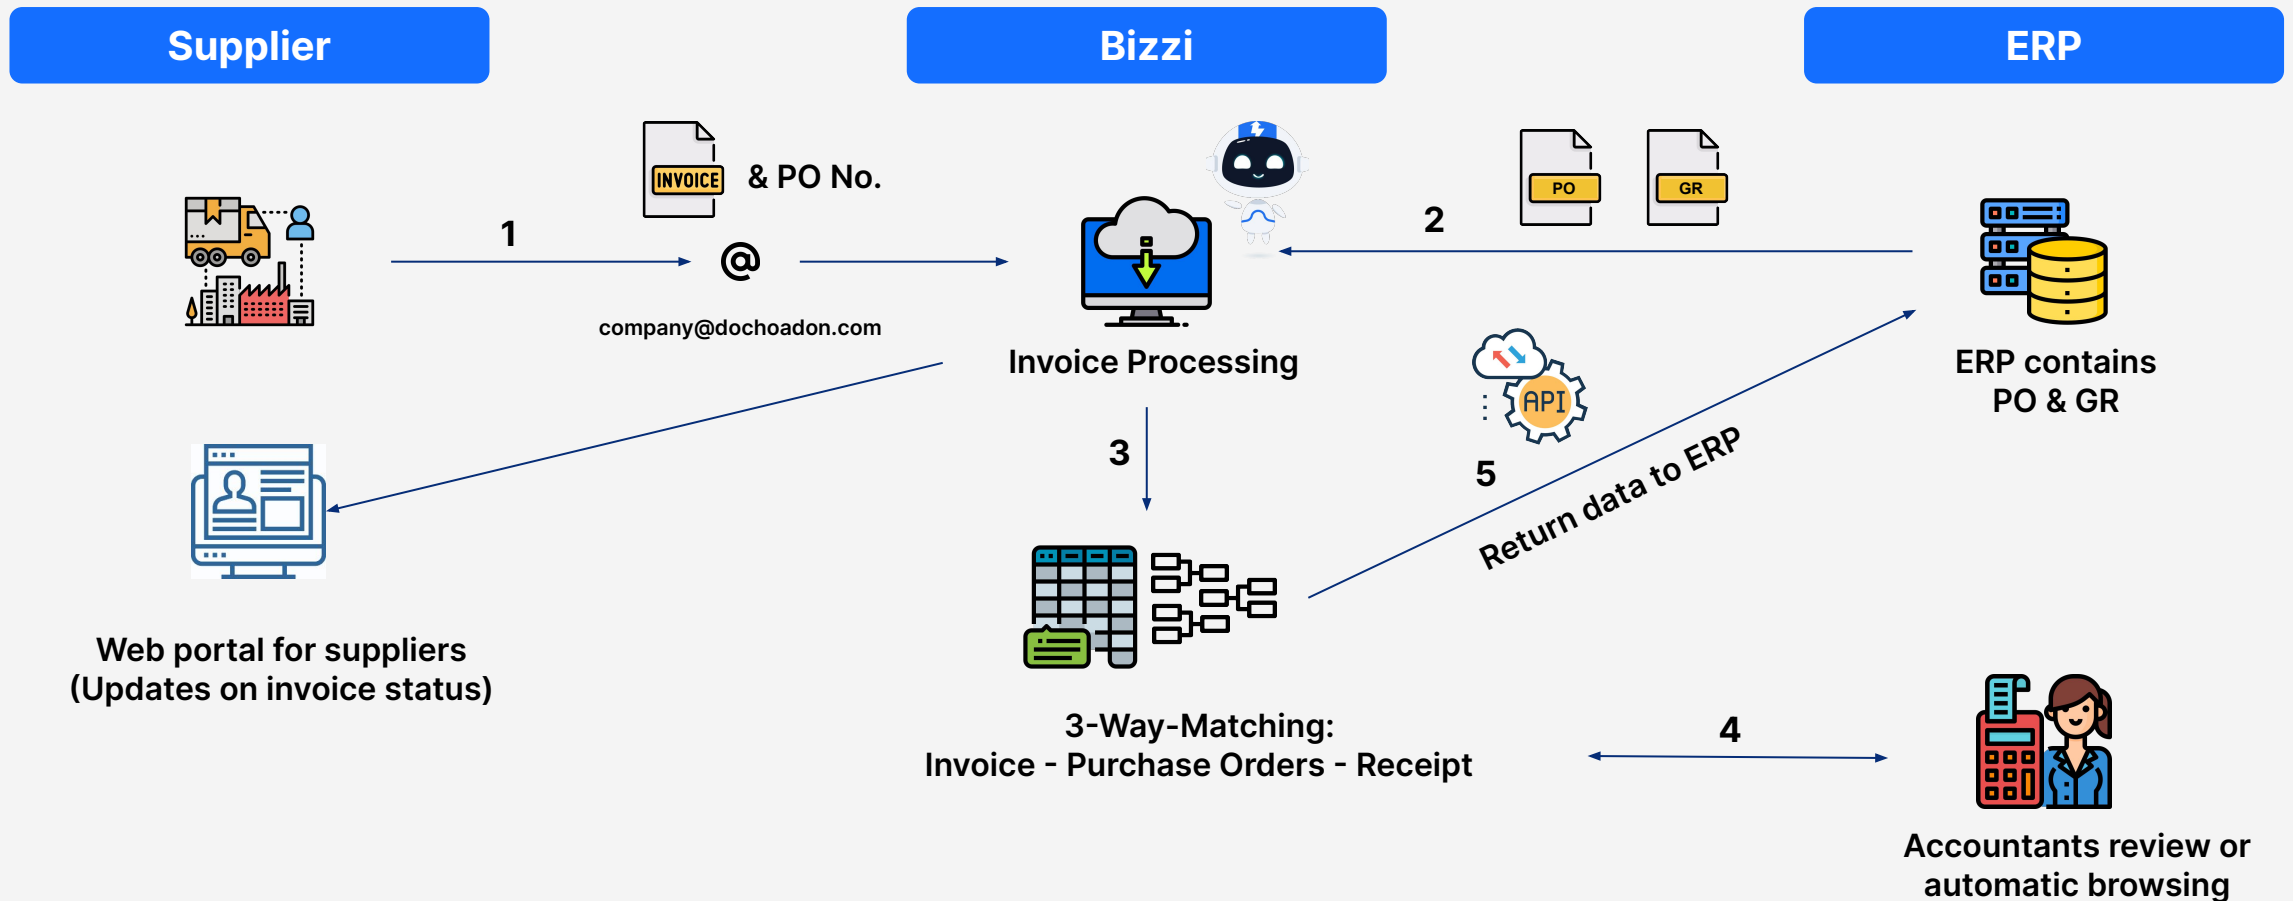

Automatically collect, validate and input invoices

AUTOMATE & OPTIMIZE PAYMENT PROCESSES

Invoices from suppliers are validated and reconciled automatically by Bizzi bots, reducing invoice processing times by **80%**, decreasing costs by **50%** when compared to manual processing systems while lessening the risk of **invalid invoices**

RIGID SPEND MANAGEMENT & BUDGET CONTROL

Minimizing time and effort spent on manual work company-wide while maintaining strict control

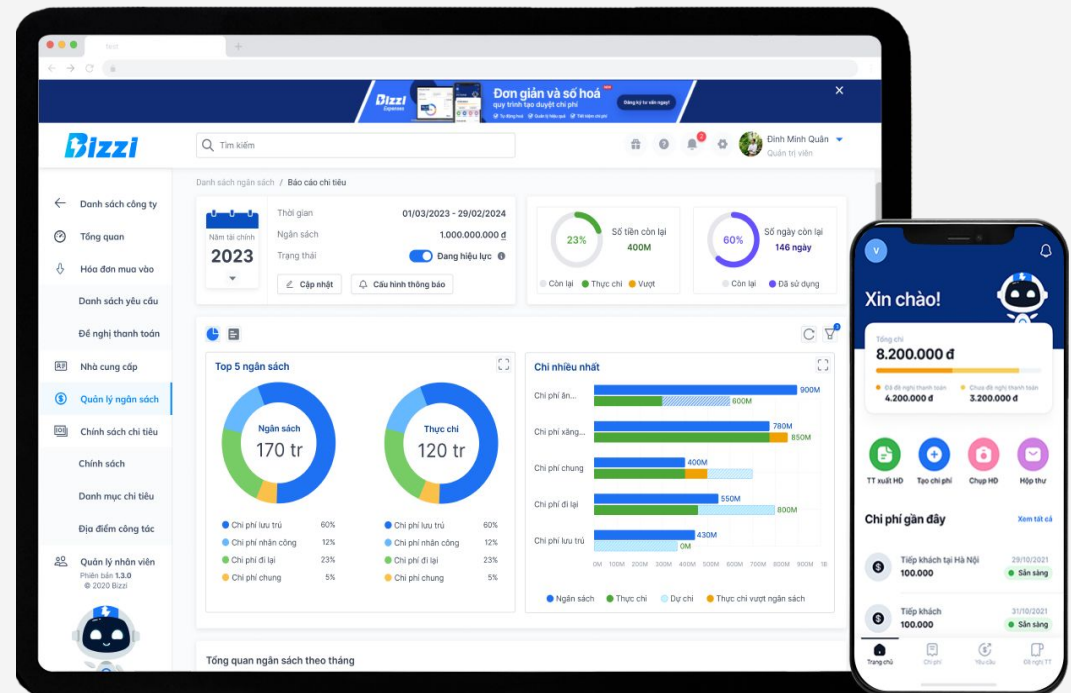

- Budget control by departments
- Establish internal spend policy
- **Alerts** when the proposed expenses exceeds the budget or when a budget is not allocated
- Manage expenses by cost items, departments, projects (cost item, cost center)
- Automate the process of collecting invoices
- Create and approve purchase/payment requests for goods and services
- Dashboard to visualize spending, updates on actual versus budgeted costs

Overhead Expenses

Marketing Costs

T&E expenses

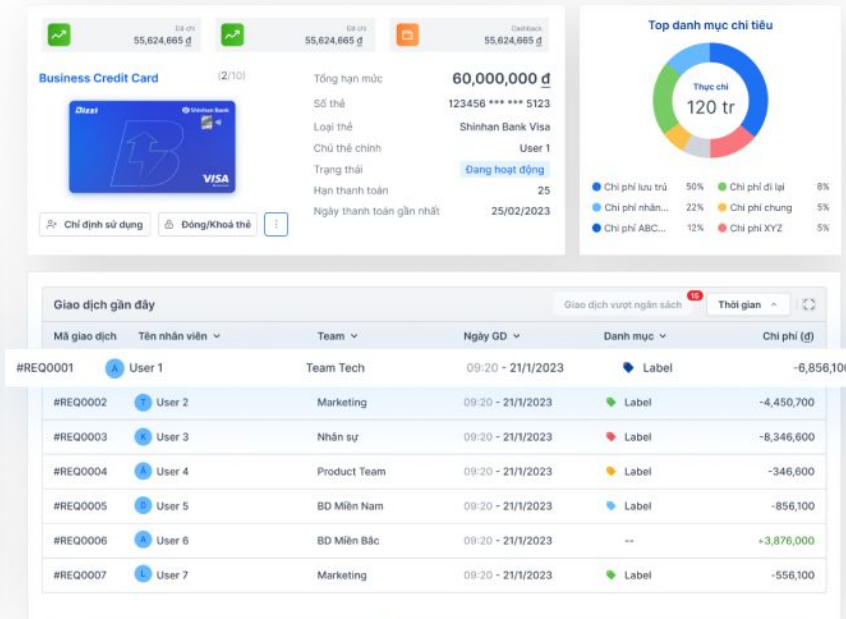

Recurring Operation Costs (electricity, water, subscriptions, etc.)

OPTIMIZE CASHFLOW WITH BIZZI'S BUSINESS CREDIT CARD

An end-to-end solution to manage your company spend, first in Vietnam

- Control spending by allocating budgets for each department
- Spend first, pay later, up to periods of 45 days
- Cashback and many other incentives for business services
- Separation of personal and business expenses

RIGID CONTROL, JUSTIFIED EXPENSES
