

# Avanade: Your Trusted Partner for Microsoft Fabric Migration

## Migrate Legacy Technology to Microsoft Fabric

### Business Needs

When data is locked in legacy and non-strategic systems, organizations are significantly impeded.

- Time is wasted searching for relevant data
- Organizations lack centralized oversight and transparency
- Users must traverse disparate, siloed systems
- Tools and technologies are monolithic, inflexible and expensive to manage

### Value Proposition

Avanade's Data Migration Factory has been designed in collaboration with Microsoft to provide a comprehensive approach to rapidly move applications, data and infrastructure to an enterprise-ready cloud, as well as to optimize and modernize once in the cloud, with end-to-end services.

- No- and low-code approaches to migrating and rebuilding a wide array of source migration systems to Azure. Point, click and configure to add new data with ease.
- Enjoy a pay-as-you-go, fully-managed, serverless cloud services that scales on demand

### Approach

Avanade's approach involves:

- Discovery & Assessment – Architecture outline
- Strategy, Design and Plan – Data migration approach and implementation templates
- Migration execution – Validation testing, cut over decommissioning
