plataform

**EXCLUSIVITY
ONE**

More **advantages** of the system

COMMISSION CONTROL

The ONE system automatically calculates and divides commission payments

INDIVIDUAL CALCULATION

It allows you to configure the way commissions are passed on in a completely individualized way per professional;

STOCKS PER INVOICE

Use Invoices to automatically generate Accounts Payable and make the goods receipt.

GRAPHIC REPORTS

Find out everything that's happening in your salon through easy and intuitive graphic reports;

CASH AND STOCK

Manage the inflow and outflow of your money, as well as your stock, in real time;

SYSTEM AUDIT

Agenda log, employees, differentiated commissions, system parameters;

More **advantages** of the system

PAYMENT SPLIT

The revenue from each payment is automatically divided between the salon and the professionals.

TAX REDUCTION

With only the money from the salon passing through your account, you will pay taxes exclusively on this amount, reducing your tax burden by up to 63%

WORKING CAPITAL

You won't need to keep as much cash to advance payments to partner professionals;

ANTECIPATION

You and your employees can anticipate credit payments via the Carteira Rateio app;

MORE TRANSPARENCY

Give employees more financial autonomy, bringing more transparency to the relationship between managers and professionals;

SELF-MANAGEMENT

Each employee manages their own money within the Digital Wallet and can withdraw and advance amounts whenever they want;

Mais **vantagens** do sistema

CLOUD SOFTWARE

All your data protected and secure in the cloud

DISCOUNTS OR COSTS

Allows you to settle discounts and/or ancillary product costs, such as freight, IPI and tax substitution;

MORE TRANSPARENCY

Give employees more financial autonomy, bringing more transparency to the relationship between managers and professionals;

CUSTOMER SCREENING

The status of the appointment changes color at each stage of the appointment - from the act of making the appointment to the final payment;

Advantages of the app

Push notification

Satisfaction survey

App facilities
