

Free RPA Migration Planning

Discover Free RPA Migration Planning with Cyclotron, your trusted partner in automation. In collaboration with Microsoft, we offer tools, expert guidance, and top-notch services to ensure a smooth transition of your existing RPA bots to the dynamic realm of Power Automate.

This is for when you want to...

- Plan for how to migrate to Power Automate Desktop (RPA) from UI Path, Automation Anywhere, Blue Prism, or other tools.
- Get estimates and actionable steps to save money with Power Platform.
- Run a small PoC migration to see how the process works.
