

AI-powered Workplace Strategy

Microsoft 365 Copilot Assessment

Unlock the potential of AI in your workplace with our exclusive Microsoft 365 Copilot Assessment. It is designed to help you take the first step toward an AI-powered Workplace Strategy. By assessing your current situation, showcasing possibilities, and outlining a roadmap, we aim to empower your organization to thrive in the digital age.

Our Digital Work Strategy Consultants and Solution Architects are your partners throughout this assessment, ensuring its success and tailoring it to your unique needs.

Your workplace transformation starts here!

The strategy assessment consists of four parts:

1. Demo Workshop the Art of Possible with IT strategy focus
2. Strategy Workshop to assess the current digital workplace strategy and identify necessary adjustments
3. Summarize the findings in appropriate documents
4. Presentation Workshop of the outputs

What you will achieve:

- A clear vision of future possibilities with Microsoft Copilot
- A comprehensive assessment of your current digital workplace IT strategy
- Insights into AI's potential to maximize your digital workplace's capabilities
- Expectation alignment and transformation strategy outline
- A business case with investment and ROI considerations
- A high-level roadmap and an actionable timeline
