

MICROSOFT DYNAMICS 365 BUSINESS CENTRAL: GET-TO-KNOW-PACKAGE

IT's like you.

DISCOVER NEW POSSIBILITIES!

01

Objective

We will make sure that you receive an initial insight into the ERP solution. In order to do this, our experienced IT consultants will introduce you to the key features of Microsoft Dynamics 365 Business Central and will teach you how to connect them with all areas of your business. Furthermore, we will answer your upcoming questions and will give additional insights to the other (industry) modules of SIEVERS-GROUP, which can also be integrated into Business Central.

02

Content

- + First steps / Handling in Business Central
- + Basic functions
- + Integration of industry modules and tools from the Microsoft world

03
