

# Microsoft 365 Assessment For Health

*Microsoft 365 and TrnDigital enhance health team collaboration by simplifying workflow management and accelerating decision support while protecting sensitive health data.*

TrnDigital helps organizations deliver **successful health team experiences** with end-to-end Microsoft 365 Migration, deployment, adoption & change **management** services. Start your journey with a **TrnDigital Microsoft 365 assessment**.

## Assessment Agenda

### Empower health teams to be more productive

Asses the opportunity to drive cost efficiencies by consolidating & decommissioning outdated collaboration and file-sharing solutions.

### Accelerate collaboration & innovation

Provide an overview of typical path to deploy Microsoft 365 and unify employees on one secure cloud platform

### Protect health information

Assess needs for Microsoft security & compliance capabilities so that employees can be creative and work together securely.
