Data & AI and Digital App Solution Designated Partner

Global System Integrators: Global Companies that specializes in bringing together component subsystems into a whole and ensuring that those subsystems function together, a practice known as system integration.

IT Consulting Services: are Companies that help clients assess different technology strategies and, in doing so, align their technology strategies with their business or process strategies. These services support customers' IT initiatives by providing strategic, architectural, operational and implementation planning.

Staffing & Workforce Solutions: are Companies that provide Staffing and/or Workforce services & solutions that include temporary staffing, permanent placement, career transition, re-skilling and talent development, as well as outsourcing and consulting.

Microsoft 365 Copilot Extensibility Workshop

Overview

The Maureen Data Systems' Microsoft 365 Copilot Extensibility Workshop is a three-day engagement (covering 24 hours), intended to establish actionable strategies, identify meaningful organizational use cases, personas and prioritized technical scenarios to accelerate your organization's capability to build or extend Microsoft 365 Copilot solutions.

Microsoft 365 Copilot Extensibility Workshop

*Milestones*
