Modern Work

Sustainable events for companies

## Building a strong company culture in the modern workplace

Collaboration tools are fantastic day to day, but sometimes we want to bring more of our brand, our culture and our personality to digital meetings and events

#### **Primary challenges**

Physical events are great for team building and knowledge sharing but they are expensive and come at an environmental cost. Microsoft Teams offers part of a solution but is not branded, engaging or fun for bigger events

#### **Ideal solution**

We have created an enhanced Teams experience, with all the functionality of the worlds no1 collaboration tool, but with branded environments, graphical interfaces, engagement tools and dashboards

#### **Desired outcomes**

Create great company events, internally with Kick offs, knowledge sharing days, onboarding, HR processes, career days or externally with client events or recruitment days. Helping build a stronger culture for your organization

### **Virtual Company Days**

Create amazing experiences for your team, department or company. Stream webinars, host workshops, foster networking, engage with quizzes, connect with meeting scheduling, host videos and share documents, gamify with leaderboards and measure with analytics

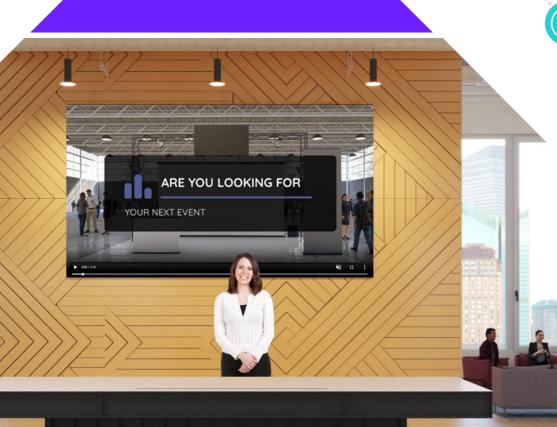

Less than 1% the footprint of a physical

#### Cost

Less than 1% the cost of a physical event

Drive brand identity, company culture, loyalty and inclusion

Information Desk

# Virtual Company, Recruitment or Conference Days with Microsoft Teams

Run seamless digital events for your company or your clients with enterprise level stability and security built in with Microsoft .Net and Azure and Teams audio video technology

#### **Virtual Company Days**

Building on Microsoft Teams technology and adding immersive, interactive and visually unique features for company events

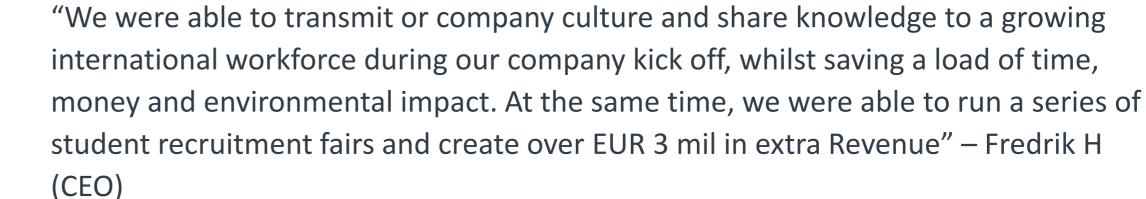

#### **Virtual Recruitment Days**

Creating a digital alternative to a traditional career fair or recruitment day that is sustainable, inclusive and scalable

#### **Virtual Conference Days**

Adding a digital layer to existing physical fairs, trade shows, exhibitions or conferences or as a virtual event. We are the gateway to the metaverse

## **Customer success: Keystone Education Group**

#### **Keystone Company Days**

Turning Microsoft Teams into a complete internal company event platform. Live sessions, networking, quizzes, polls, knowledge sharing and a digital twin of our offices

# Blueberry HybridStudent Fair

Adding a digital layer to a physical event. With 300 people turning up on site to meet Universities, and a further 500 registering and attending online for a fraction of the cost of the physical fair

# Stockholm's Highschool Fair

Hosting a complete digital fair for High schoolers to find their next educational step. Over 35,000 students and parents meeting with 200 different Schools simultaneously

# Channel Partner success: CareerBuilder: Staffing and Recruitment events

"Using Virtual Days platform, we have had successful virtual recruitment events for some of the world's leading companies. Whether high volume, international or technical talent acquisition our clients have been excited to reach bigger talent pools and reduce time to hire whilst being reassured by Microsoft's enterprise grade infrastructure" - Alex S (SaaS SD)

#### Oil and Gas Job search

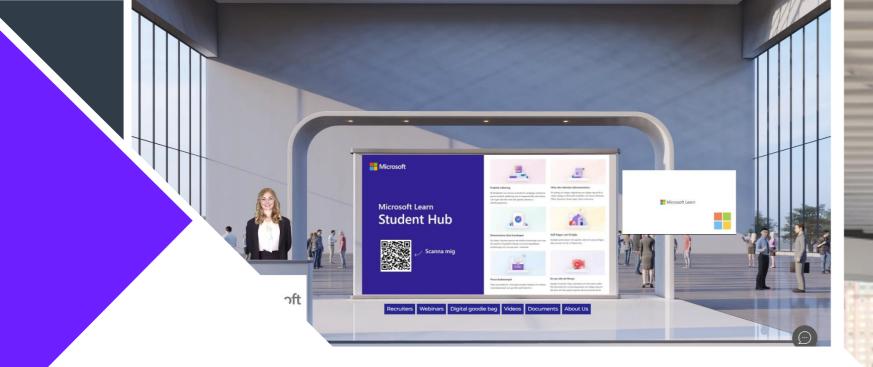

Ongoing series of recruitment events for over 20 client companies and 1000 candidates per event

#### **Top language Jobs**

3-day multilingual event for companies targeting international recruitment. 14 clients, with 15 meetings scheduled on average per client

#### **Petrofac Recruitment Day**

A direct 1-day event for an energy company resulting in 12 direct hires within a 3-hour window
