About RSM:

RSM, with over 51,000 people in 123 countries, delivers the power of being understood to our clients, colleagues and communities through world-class audit, tax and consulting services tailored to meet the unique needs of middle market businesses.

What we offer

Leverage RSM's expertise in both Salesforce Commerce Cloud B2C and D365 to see value from your technology investments faster. Implementing major software packages can distract you from running your business, but they don't have to. With RSM's D365 Commerce Accelerator combined with Boomi and our SFCC experience, we can streamline your unified commerce operations.

This project will modernize your ecommerce to ERP data flows for products, prices, inventory, coupons and sales orders. If you use Inventory Visibility, we could provide real-time data to your ecommerce storefront. We will work with you to tailor the solution to your specific needs and guide you through this 8-week project with our deep expertise in Dynamics 365 and SFCC.

Truly unify your commerce with state-of-the-art Dynamics365 to SFCC integration
