Microsoft 365 Copilot Immersive 2-Day Workshop

Unlock the Future of Work with M365 Copilot: 2-Day Immersive Workshop

Embark on an enlightening hands-on journey to explore how Microsoft 365 Copilot can transform collaboration, productivity and skilling for your organization.

❏ What is Noventiq's Immersive Workshop for Microsoft 365 Copilot?

This customized 2-day workshop delivers an immersive experience showcasing M365 Copilot's capabilities across 3 phases:

• _Assess Readiness:_ Evaluate technical, content and policy preparedness for Copilot through Noventiq's M365 Copilot readiness assessment

• _Envision Possibilities:_ See M365 Copilot in action through interactive demos for creativity, productivity and skills use cases

• _Realize Potential:_ Receive implementation blueprints mapping recommendations to personas and success metrics

❏ Experience Copilot in Action

• Witness M365 Copilot elevating experiences in Word, Outlook, Excel and chat-based workflows through human-like suggestions.

• Gain insights into the responsible AI approach aligning M365 Copilot's intelligence with business objectives.

• Walk through scenarios from an IT administrator, sales professional and human resource analyst's lens.

❏ Unleash Next-Gen AI Potential

• Maximize your M365 Copilot ROI through a tailored roadmap catering to your environment's integration needs and adoption readiness.

• Empower users with skills, resources and confidence required to extract optimal value.

• Lay the foundation to pursue and uncover the emergent possibilities of AI with Microsoft 365 Copilot.
