Azure Security & Compliance Assessment Offer

Strengthen Your Environment with Industry Best Practices!

Ensure compliance with top-notch industry standards for a secure environment. Unearth potential vulnerabilities and implement robust security measures.

Are you looking for a security & compliance assessment of your environment?

Let our seasoned cloud professionals lead the way by:

Infrastructure Insight: In-depth understanding and assessment of your infrastructure, including storage accounts, networks, and more.

Robust Security Controls: Thorough evaluation of security measures, from firewalls to encryption, logging, and monitoring.

Compliance Confidence: Ensuring compliance with industry standards like CIS benchmarks, best practices, and regulatory requirements such as GDPR and HIPAA.

Risk & Vulnerability Analysis: Perform meticulous risk analysis to uncover vulnerabilities.

Expert Recommendations: Receive tailored recommendations to fortify your security measures

NOVENTIQ is a global leader in Digital Transformation & Cyber Security

We help organizations identify any vulnerabilities in their environment. To know more contact us at sligdcsolutions@noventiq.com

Offer Highlights

Deliverables

- **Dynamic Presentation**: A captivating session showcasing assessment findings, recommendations, and roadmap to critical stakeholders. Expertly addressing questions and concerns for a shared vision.

- **Concise Executive Summary:** A succinct high-level summary of assessment results, key findings, and actionable recommendations tailored for management and decision-makers' swift understanding.

- **Targeted Remediation Roadmap:** A prioritized roadmap detailing recommended changes, timelines, dependencies, and potential workload impacts.

Pre-requisites:

- **Access Privileges & Credentials:** The client will generously provide essential access privileges and credentials for smooth review and assessment of Azure workloads.
- **Stable & Accessible Workloads:** Azure workloads are stable, ensuring assessment without any impact on production environments.
- **Resource Allocation:** The client will allocate appropriate resources and personnel to facilitate the assessment, actively providing necessary information and collaborating throughout the process.
- **Tools & Licenses:** The client will graciously provide any additional tools or licenses required for conducting the assessment.

What does this package contain? Assessment Up to 10 subscriptions
What is the implementation duration? 3 days
