Maximizing efficiency with Microsoft Copilot
Unlock the power of Microsoft Copilot for finance, accounting, and commercial executives.

Training

Join this exclusive workshop designed for finance, accounting, and commercial executives to master the advanced features of Microsoft Copilot within Microsoft ERP systems.

Elevate your financial processes, enhance decision-making, and drive business success through hands-on exercises, real-world scenarios, and expert-led sessions.

Why attend:

AI empowerment: Learn how AI tools within ERP systems can revolutionize customer experience, drive cost reductions, and elevate financial success.

Strategic insights: Gain clarity on Copilot's significance in enhancing business operations and workflow efficiency.

Hands-on experience: Acquire practical skills through scenario-based exercises to simulate real-world applications.
