# Contract Manager
by Legal Interact

Unlock the power of AI and simplify contract management

Contract Manager revolutionizes post-signature contract management for medium and large enterprises.

With its advanced features and intuitive interface, it enhances efficiency, reduces risks, and enables better decision-making.

Post-Signature

Microsoft Azure AI

Load Contract into Repository & Select Contract Type

Extract Pertinent Information & Clauses

Automatic Reminders for Known Events

Proactively Manage Unknown Events

Work Flows

Post-Signature Features and Benefits:

Streamlined Contract Management

- **Centralized Hub:** Eliminate manual processes, spreadsheets, and scattered documentation.
- **Digital Platform:** Organize and store contracts in a centralized repository.

Proactive Contract Monitoring

- **Alerts and Notifications:** Track and manage important contract events to prevent lapses and missed opportunities.
- **Proactive Management:** Ensure timely action and avoid unintended renewals.

Post-Signature Features and Benefits:

Contract Manager
by Legal Interact

Time and Effort Savings

- **Automated Extraction:** Leverage OCR and AI to extract key fields and clauses, saving significant time and effort.
- **Eliminate Manual Data Entry:** No more searching within lengthy contracts for critical information.

Improved Accuracy and Consistency

- **AI-Powered Extraction:** Reduce the risk of errors and ensure consistent results across contracts.
- **Eliminate Variations:** Minimize discrepancies caused by interpretations or human error.

Enhanced Decision-Making

- **Valuable Insights:** Accurate extraction of key fields provides crucial data for informed decision-making.
- **Analyze Contract Terms:** Understand legal obligations, identify negotiation opportunities, and make better-informed decisions.

Risk Management

- **Identify Potential Risks:** Accurately extract key fields and clauses to identify potential risks.
- **Proactive Risk Management:** Take timely action and receive notifications to avoid non-compliance or disputes.

Efficient Contract Search and Retrieval

- **Robust Search Capabilities:** Quickly locate specific contracts or clauses with advanced search parameters.
- **Enhanced Visibility:** AI-powered algorithms provide improved contract visibility for faster analysis.

Compliance and Audit Trail

- **Ensure Compliance:** Meet contractual obligations and regulatory requirements.
- **Robust Access Controls:** Implement secure access controls and permissions.
- **Comprehensive Audit Trail:** Capture and store relevant information for a detailed audit trail.

Contract Manager simplifies and streamlines contract management processes, optimizing efficiency, reducing risks, and enabling better decision-making.

With its advanced AI-powered features, it eliminates manual tasks, improves accuracy, and ensures compliance with contractual obligations and regulations. Experience the power of Contract Manager and unlock the full potential of your contract management workflows.
