Soterre™ for Power BI

Providing governance and oversight of self-service activities of citizens and power users

Abate the management and tracking of your Power BI analytics

Soterre for Power BI maximizes self-service business intelligence while reducing risks for the organization.

Through governance over the Power BI platform, Soterre delivers consistency and transparency while reducing friction and pain points related to creating analytics content.

- **Zero Touch Version Control**
- **Rollback of Changes**
- **Development Lifecycle Automation (CI/CD)**
- **Analytics Over Your Analytics**
- **Out-of-the-Box Git Integration**
